30 Jet, 40 HP, 45 Jet, 50 HP, 60 HP

### **Mercury 3.5-40 HP OB 72-1989**

### **The Old Outboard Book**

The aim of this book, with its superb step by step photographs and detailed

diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.

### **Pennsylvania Outdoors**

### **Automotive Industries**

"Incredible amount of detail about all those kickers from the past, including an appendix with comprehensive model-year information." WoodenBoat "This book is the one to buy if you are interested in collecting antique outboard motors." Boating

### **Rigging**

## Online Library 2000 40 Hp Mercury Outboard Manual
