80 Graded Studies for Saxophone brings together in two books a broad selection of 18th and 19th century repertory, with studies by Arban, Baermann, Blatt, Brod and others. Also included are a number of specially composed studies by Paul Harris. The studies are arranged in increasing difficulty from elementary level to early intermediate, according to a carefully planned technical progression.

Abracadabra Clarinet

Archie Roach AM's deeply personal song, 'Took the Children Away', from his 1990 debut album, Charcoal Lane, was the first song ever to receive a prestigious Australian Human Rights Award. Its impact was immediate, shining a stark light on Australia's shameful past practices of removing children from their families. The song also speaks of love and reconnection and has travelled across seas into the hearts of First Nations communities everywhere. One dark day, when Archie was just two years old, big black government cars came to his home at Framlingham Aboriginal Mission in southwest Victoria. They forcibly took Archie away from his mother, father and family - everything he had ever known. They took away thousands of other Aboriginal children, right around Australia. Powerful people had decided that these children would be better off living and learning all the white man's ways. Frightened and alone, they grew up in institutions and foster homes. They became known as the Stolen Generations. Ruby Hunter was one of those children, too, only eight when she was taken from the loving arms of her

grandmother living on the Coorong in South Australia. Archie and Ruby met and fell in love as homeless teenagers and Archie started writing songs to help ease his pain. Archie's songs, loved by fans worldwide, tell a powerful story of survival and renewal, and the healing power of music. In this special 30th anniversary edition, Archie's iconic lyrics sit alongside evocative illustrations by his beloved soulmate and musical collaborator, Ruby Hunter. Also included are Archie's recollections of his family and rare historical photographs. Aboriginal and Torres Strait Islander readers are warned that this book contains images of people who are deceased or who may now be deceased.

Abracadabra Flute Duets

One of the most difficult challenges in wind instrument pedagogy is teaching what can't be seen. The external embouchure, hand positions, fingerings, posture, etc., are easy enough, but much of what happens to create saxophone tone is in the vocal tract (from the vocal folds to the embouchure). Through fluoroscopy (x-ray), endoscopy (probe camera), and other means, Dr. Watkins has revealed secrets

taught you how to play by ear. While this can provide an excellent grounding in music, it doesn't teach you how to improvise, and often it's difficult for classically trained musicians to learn Jazz soloing. *Beginner Jazz Soloing For Saxophone & Clarinet* is the perfect guide to bridge the gap. Devised by Buster Birch (visiting jazz professor at Trinity Conservatoire), this book teaches a creative method for improvisation that's been road-tested at hundreds of workshops.
