Homoeopathy in the United States

Index Medicus

Index-catalogue of the Library of the Surgeon-General's Office, United States Army

The Treatment of Uterine Displacements

The Argonaut

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

United States Medical Investigator

Some of the Diseases of the Rectum, and Their Homoeopathic and Surgical Treatment

The Homœopathic Physician

The National Union Catalog, Pre-1956 Imprints

List of homoeopathic physicians by states.

Abridged Therapeutics Founded Upon Histology and Cellular Pathology

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no

entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
