Flat Stanley and the Firehouse

(Pre-K and Up) Preparation is the key to empowering and supporting our children

and helping them face challenges in their everyday lives successfully. Unfortunately, lockdowns have now become commonplace in our schools. The book *I Can Be A Superhero During A Lockdown* was created by a Certified Child Life Specialist and concerned mother of two who had been in search of a child-friendly and developmentally appropriate book for her own son. *I Can Be A Superhero During A Lockdown* seeks to proactively decrease anxiety through full-color illustrations, easy-to-understand explanations, and multiple situational examples. It also includes a coloring sheet to further engage and help reader remember tasks through repetition. Perfect for children of any ability, *I Can Be A Superhero During A Lockdown* is written in a positive, self-affirming, first-person account, which helps children visualize a positive ending to a potentially difficult and frightening situation.

Glasses for D. W.

D.W. is nervous about having her first school fire drill so Arthur helps her to practise for it. He shows her all the things to do in an emergency and, in turn, D.W. shows the whole family - even in the middle of the night.

The Book Thief

Even though she has not been invited to the party, D.W. manages to save Arthur from having to kiss Francine.

I Can Be a Superhero During a Lockdown

NEW YORK TIMES BESTSELLER • SELECTED BY THE ECONOMIST AS ONE OF THE BEST BOOKS OF THE YEAR “A rambunctious book that is itself alive with the animal spirits of the marketplace.”—The Wall Street Journal Freedom’s Forge reveals how two extraordinary American businessmen—General Motors automobile magnate William “Big Bill” Knudsen and shipbuilder Henry J. Kaiser—helped corral, cajole, and inspire business leaders across the country to mobilize the “arsenal of democracy” that propelled the Allies to victory in World War II. Drafting top talent from companies like Chrysler, Republic Steel, Boeing, Lockheed, GE, and Frigidaire, Knudsen and Kaiser turned auto plants into aircraft factories and civilian assembly lines into fountains of munitions. In four short years they transformed America’s army from a hollow shell into a truly global force, laying the foundations for the country’s rise as an economic as well as military superpower. Freedom’s Forge vividly re-creates American industry’s finest hour, when the nation’s business elites put aside their pursuit of profits and set about saving the world. Praise for Freedom’s Forge “A rarely told industrial saga, rich with particulars of the growing pains and eventual triumphs of American industry . . . Arthur Herman has set out to right an injustice: the loss, down history’s memory hole, of the epic achievements of American business in helping the United States and its allies win World War II.”—The New York Times Book Review “Magnificent . . . It’s not often that a historian comes up with a fresh approach to an absolutely critical element of the Allied victory in World War II, but Pulitzer finalist Herman . . . has done just that.”—Kirkus Reviews (starred review) “A compulsively readable tribute to ‘the miracle of mass production.’ ”—Publishers Weekly “The production statistics cited

by Mr. Herman . . . astound.”—The Economist “[A] fantastic book.”—Forbes
“Freedom’s Forge is the story of how the ingenuity and energy of the American private sector was turned loose to equip the finest military force on the face of the earth. In an era of gathering threats and shrinking defense budgets, it is a timely lesson told by one of the great historians of our time.”—Donald Rumsfeld

Wild About Books

Jessica has always been a worrier, and learning about fire safety is making her more nervous than ever. But our favorite worrywart is about to discover that knowing what to do in an emergency is the best (and only) way to extinguish her fire-safety fears!

No Dragons For Tea

*"A sensitive, touching, and sometimes heartbreakingly funny picture of middle school life."--School Library Journal, starred review
Outrageously funny and smart, this story of an obese boy who takes on his bullies is as heartwarming as it is clever. Twelve-year-old Owen Birnbaum is the fattest kid in school. But he also invents cool contraptions--like a TV that can show the past--because there is something that happened two years ago which he needs to see if he ever hopes to unravel a dreadful mystery. But inventor or not, there is a lot Owen can't figure out. Like how his Oreos keep disappearing from his lunch. Or why his sister suddenly wants to be called by a boy's name. Or why a diabolical, scar-faced bully at school seems to be on a mission to destroy him. He's sure that if only he can get the TV to work, things will start to make sense. But it will take a revelation, not a cool invention, for Owen to see that the answer is not in the past, but the present. That no matter how large he is on the outside, he doesn't have to feel small on the inside. With her trademark humor, Ellen Potter has created a larger-than-life character and story whose weight is immense when measured in heart. Praise for Slob: A Junior Library Guild Selection! "Potter delicately and confidently delivers a pitch-perfect story of self-worth This is a book for everyone: smart, devious, overweight, underweight, shy, courageous and everyone in between." --The Children's Book Review

Arthur's Reading Race [With Two Full Pages Of]

Meet Sparky. This adorable Dalmatian puppy is an important member of the team at the fire station. But he's more than just a cute character in a book: Sparky is the official spokesdog for the National Fire Protection Association (NFPA), and what he has to say can actually save lives. This canine hero rescued a little girl and her family, and now he's helping kids become junior fire inspectors right in their own homes. In colorful, appealing illustrations, Sparky takes a group of young animals through the neighborhood, pointing out hazards, giving basic fire prevention and safety tips, and showing them how to be prepared in case of an emergency. From having a working smoke alarm to being careful with candles and knowing where your exits are, Sparky's advice may be the most important thing children--and their parents--ever learn.

The Berenstain Bears Catch the Bus

PBS's successful animated show Wild Kratts joins the adventures of zoologists Chris and Martin Kratt as they travel to animal habitats around the globe. Along the way, they encounter incredible creatures while combining science education and fun. Boys and girls ages 4 to 6 will dive into this Step 2 Reader with the Kratt brothers as they activate their Creature Power Suits to swim with sharks, whales, and other wild sea creatures! Step 2 Readers use basic vocabulary and short sentences to tell simple stories. For children who recognize familiar words and can sound out new words with help. From the Trade Paperback edition.

Hungry, Hungry Sharks

Paul Fisher sees the world from behind glasses so thick he looks like a bug-eyed alien. But he's not so blind that he can't see there are some very unusual things about his family's new home in Tangerine County, Florida. Where else does a sinkhole swallow the local school, fire burn underground for years, and lightning strike at the same time every day? The chaos is compounded by constant harassment from his football-star brother, and adjusting to life in Tangerine isn't easy for Paul—until he joins the soccer team at his middle school. With the help of his new teammates, Paul begins to discover what lies beneath the surface of his strange new hometown. And he also gains the courage to face up to some secrets his family has been keeping from him for far too long. In Tangerine, it seems, anything is possible.

Arthur S Lost Puppy

OVER HALF A MILLION COPIES SOLD! Winner of the E.B. White Read Aloud Award It started the summer of 2002, when the Springfield librarian, Molly McGrew, by mistake drove her bookmobile into the zoo. In this rollicking rhymed story, Molly introduces birds and beasts to this new something called reading. She finds the perfect book for every animal—tall books for giraffes, tiny ones for crickets. “She even found waterproof books for the otter, who never went swimming without Harry Potter.” In no time at all, Molly has them “forsaking their niches, their nests, and their nooks,” going “wild, simply wild, about wonderful books.” Judy Sierra's funny animal tale coupled with Marc Brown's lush, fanciful paintings will have the same effect on young Homo sapiens. Altogether, it's more fun than a barrel of monkeys!
