### Intimacy and Power

"Life is fundamentally a process of perpetual and mutual communication; and to communicate is to emit and to receive waves and radiations (minika ye minienie). This process of, receiving and releasing or passing them on (tambula ye tambikisa) is the key to human beings game of survival. A person is perpetually bathed by radiations' weight, (zitu kia minienie). The weight (zitu/demo) of radiations may have a negative as well as positive impact on any tiny being, for example a person who represents the most vibrating: "kolo" (knot) of relationships." "The following expressions are very common among the Bantu, in general, and among the Kongo in particular, which prove to us the antiquity of these concepts in the African continent; Our businesses are waved/shaken; our health is waved/shaken; what we possess is waved/shaken; the communities are waved/shaken: Where are these (negative) waves coming from (Salu bieto bieti nikunwa; mavimpi nikunwa; biltuvwidi nikunwa; makanda nikunwa: Kwe kutukanga minika miami)?" "For the Bantu, a person lives and moves within an ocean of waves/radiations. One is sensitive or immune to them. To be sensitive to waves is to be able to react negatively or positively to those waves/forces. But to be immune to surrounding waves/forces, is to be less reactive to them or not at all. These differences account for varying degrees in the process of knowing/learning among individuals" --BOOK Cover.

In a world racked by violence and conflict, James Redfield and Michael Murphy—leading cocreators of today's spiritual

boom—present a message of hope and a vision for the future. It is no accident, they argue, that the twentieth and early twenty-first centuries have witnessed a revolution in new human capacities. Daily we hear and read about supernormal athletic feats; clairvoyant perception; lives transformed by meditative practices; healing through prayer—and we ourselves experience these things. The authors contend that thousands of years of human striving have delivered us to this very moment, in which each act of self-development is creating a new stage in planetary evolution—and the emergence of a human species possessed of vastly expanded potential.

### **Living in the Light**

An intimate glimpse into the world of ancient Peruvian spiritual practice and cosmology • Reveals the mysteries of the world of living energy (kawsay pacha) through intensive in-depth interviews with six Q'ero mystics • Explores the energetics, spirits, tools, and practices of Andean mysticism--the real story behind the fictionalized accounts in The Celestine Prophecy Known as the "keepers of the ancient knowledge," the Q'ero Indians of Peru are the most respected mystics of the south-central Andes. In 1996 Joan Parisi Wilcox traveled to the Andes and was able to record the mysteries of kawsay pacha, the multidimensional world of living energy, through more than 40 hours of intensive interviews with six Q'ero paqos, masters of the ancient spiritual traditions of Peru. The Q'ero are known for having preserved the Inca spiritual tradition more purely than any other indigenous population in the Andes. The in-depth interviews presented in this book recount the direct words of these masters so readers can discover for themselves the mind and heart space of these people. Four new chapters of this revised edition focus on the work of the mesa, the Andean form of a spiritual medicine bundle, and its use as a conduit for the healing energies of nature. The mesa is called the "heart's fire" because it represents the finest energy--the energy of compassion--that a paqo cultivates while walking the sacred path. Wilcox provides instructions on how to make, activate, and work with a mesa, as well as other practical exercises showing how we can use the power of the Andean spiritual tradition in our own lives.

In *THE SEAT OF THE SOUL*, Gary Zukav brilliantly set forth his concepts, explaining how the expansion of human perception beyond the five senses leads to a new understanding of 'authentic power'. Then, in *SOUL STORIES*, he revealed how such concepts as intuition, harmony, sharing and forgiveness actually express themselves in other people's lives. And now, in *THE HEART OF THE SOUL*, Zukav, together with his coauthor and spiritual partner, Linda Francis, takes the next important step in showing us how to actually apply these crucial concepts in our daily lives. Zukav reveals how true emotional awareness can transform the human experience. Although it is challenging and difficult, because it means becoming aware of suppressed pain, it is also enormously rewarding. But first the determination to explore every aspect of consciousness, and to cultivate those that contribute the most to life, must replace the desire to bury painful emotions. Ultimately emotional awareness can free us from the compulsions, fixations, obsessions and addictions that block our spiritual development - among them anger, workaholism, perfectionism, obsessive eating, alcohol, drugs, sex - and allow us to live a fulfilling and meaningful life. *THE HEART OF THE SOUL* will be a revelation for readers - a soul tool with which we can forge a greater emotional awareness to enable us to use our emotions in the creation of authentic power. It is a book to read not once, but several times, for it is a life-changing work that can transform our lives for the better.
