CIMA Revision Cards are the only materials written and endorsed by CIMA. They provide succinct but complete coverage of all the major points of the new CIMA 2005 syllabus. The pocket-sized, spiral-bound format enables them to be carried around easily, making them invaluable resources wherever you are. Diagrams and bulleted lists are used throughout to display the key points as clearly and concisely as possible. This simplifies the syllabus and makes the points easy to learn and remember. CIMA Revision Cards provide:

- \* Exam tips and hints
- \* A summary of all the key topics of the new syllabus
- \* Visual aids to consolidate learning
- \* Exam focused, pocket sized revision guides summarising the key topics of the new CIMA syllabus
- \* Diagrams and tables throughout reinforce key concepts and aid memory retention and recall
- \* Easily portable size

products complement the syllabus to improve your understanding.

## **Accounting: A Very Short Introduction**

### **Cima Paper 1 - Stage 1**

If you read the 'business pages' of a newspaper or if you listen to the financial news on the television or radio, you will often hear terms such as 'liability', 'balance sheet' or 'earnings'. These terms turn up in non-financial contexts as well: 'he was more of a liability than an asset'. If you invest in shares, have a building society account, or sit on a committee of the property company which owns your apartment block, you will receive financial statements every year. If you are a manager in a company, a hospital or a school, you will see accounting information often. This Very Short Introduction provides a guide to understanding and using accounting information. Christopher Nobes explains the main areas of accounting work, from bookkeeping and financial reporting to auditing and management accounting.

ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Testimonials of Astranti Courses, Study Texts and Mock Exams: "Very targeted to the exam and very professional, is every bit as good as attending a classroom tuition or revision course." James Glackin "All in all it's the best thing I came across during my CIMA studies. I don't know any better way to help yourself to pass these tough exams." Grzegorz Narozanski "Just wanted to let you know that I passed all 3 exams using the textbook and your mock exams which I found really helpful, thanks!" Nneoma Nwaogu "I would also like to extend my great gratitude for such a wonderful study text; they made my understanding of CIMA P1 much easier. Once more thank you very much to the Team." Mthuthuzeli September "I received the fantastic news this morning that I have finally passed T4!! Many thanks for your support and

advice in the lead up to the exam, I am certain that without the really important tips on exam strategy you provided I would not have passed. Many thanks again!" Babak Fardaghaie "So I managed a 76% pass for E2 using your notes. They are very well structured and easy to use. Thank you so very much." Amanda Vakalisa "The Astranti method of teaching is systematic and easy to follow. I gained a lot of knowledge and regret not enrolling with Astranti for my earlier CIMA exams. After the course I was confident about my preparation. I would recommend the course to everyone sitting the T4b exam especially the MARKED mocks. Its the section by section detailed feedback from tutors that helps to improve and gain confidence." Gunjan Nagpal "I have cleared all 3 strategic level papers in my first attempt. I used the Astranti learning material during my final revision. They were short, precise and saved a great amount of time which made all the difference for me in the exam. Thank you very much." Raj The Astranti Study Texts The Astranti Study Texts have been used by thousands of CIMA Students in preparation for their management accountancy exams. They cover the entire CIMA syllabus for the 2015 exams and onwards and have been carefully written to be concise and easy to read but detailed enough to clearly guide you through the topics you must know in order to pass the exams. What are you waiting for? Download the sample of the book to see one for yourself. Prepared by our expert team of professional writers the study texts feature: Full Syllabus Coverage Clear and simple explanations for ease of understanding Carefully worked step-by-step examples Condensed and focused on likely exam content Linked with our

chapter-by-chapter revision questions available to purchase on Astranti.com Go to [www.astranti.com](http://www.astranti.com) to find out more about related CIMA videos, courses and mocks exams.

Established in 1919, the CIMA offers an internationally-respected management qualification. These passcards are designed for paper 1 of stage 1 of the 2000 CIMA professional examinations in management accountancy. Designed to be self-contained, covering the whole syllabus, and revised in response to syllabus and legislative changes, the 2000 CIMA study materials comprise a range of study texts, practice and revision kits, and passcards - all available separately, and covering papers 1 to 16 from stage 1 up to stage 4. Passcards are the third component of the study package focusing only on the essentials for the exam. Focus points highlight topics most likely to appear in the exam with emphasis given to the most recent exams. Key topics are summarized in a concise manner making passcards ideal for last minute

revision. Each passcard is pocket-sized and spiral-bound for convenient use. The cards feature notes linked to clear key-word diagrams, practical tips on what the examiners will be looking for, and an indication of which topics have been examined and when.

TECHNOLOGY/ENGINEERING/CIVIL SUCCESSFUL FINANCIAL MANAGEMENT IN THE CONSTRUCTION INDUSTRY BEGINS WITH THIS HANDS-ON GUIDE While construction professionals are skilled in the technical side of their work, they often find the financial management aspect of the business daunting. Financial Management and Accounting Fundamentals for Construction will help you better understand and navigate the financial decisions that are part of every construction project. This book is a compact summary of the basic financial skills that a construction professional must have to be successful in the management of a construction company and its projects. Its topics address many of the questions that any construction administrator will face, such as: How to organize and use a company's financial reports What amount of cash must be made available to the contractor to complete a project Why the early payment of supplier invoices can enhance profitability How to quantify the time value of money in financial decisions What tax amount is owed by a company and how it impacts the bottom line How to control project costs What financial sources are available to a construction contractor for capital expansion In this text, you will learn about accounting fundamentals, project-related financial matters, and company level financial issues—three factors that are key to your career success. An ideal reference for students of construction management and engineering, as well as professionals who need a quick refresher when dealing with cost control analysis and other financial issues, this text also offers: Easy-to-understand coverage of financial concepts specific to the construction industry, including business taxation,

project control, engineering economy, and financial forecasting Numerous worked examples, plus end-of-chapter review questions and exercises Helpful appendices that present the structure of a typical chart of accounts, the flow of transactions through a construction accounting system, and tables required for computing interest and the time value of money
