Interview with the Author QU: So, what makes the Dark Horizon series special? AN: My mission is to write action led thrillers that hit hard, right from the go. I write what I love to read. My top picks are usually thrillers and mysteries best sellers, and private detective novels. When I pick up a novel, I want to be entertained, that's a given, but I also want to learn something new. I love telling stories that are on the blurred edge between fact and fiction; whether I'm writing about the world of art crime, the Royal Society, Isaac Newton, Freemasonry, the Knights Templar or the history of London; weaving a contemporary crime thriller within layers of true fact is what gives me a buzz. The function of a best-selling crime novel is to give the reader what they don't get in their real lives. It's about escaping the ordinary and entering into a world of the extraordinary. I hope the Dark Horizon trilogy does this in spades. Each book in the series is designed to keep you turning the pages all night long. QU: Why should readers give these books a try? AN: Because the Dark Horizon thriller series is an exciting, action-packed adventure. Just read the reviews and see why it has hit the top ten category bestsellers lists on Kindle for Crime Thrillers. Ultimately, readers who enjoy a taut, nail-biting adventure with a plot that twists and turns will love the Dark Horizon trilogy. Come and join Vincent Blake, the damaged hero of the series that reviewers are describing as 'the British Robert Langdon.' Qu: So, where can I find the Dark Horizon series? AN: The Dark Horizon thriller and mystery eBook series can be found in the following categories: Supernatural Thrillers Heist Thrillers Mystery Series Crime Thrillers Private Investigator Series Private Detective Novels Thrillers and Mysteries Best Sellers Paranormal Th

In this book you will find the more basic and common idioms used in general English (over 2500 examples given). Each entry has a brief description, an example showing how the idiom may be applied, and related expressions. Please note: This is a black and white print edition

The career of Jeanne Dare—the name usually is written Jeanne d'Arc or Joan of Arc, an absurd equivalent—was so extraordinary, her personality was so marvellous, that she has been from the very beginning a constant source of interest to biographers and historians. She figures largely in contemporary records, not always trustworthy, but it may be worthier of credence than some critics have been willing to admit. Lives of her appeared in the seventeenth and eighteenth centuries, and the writers of the nineteenth century have been particularly busy with her fame. Every biographer since has owed an enormous debt to Mr. Lang's work. It would be invidious to choose among the recent biographies written by Frenchmen; Mr. Lang cordially acknowledges his own obligations to them. This book is annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer.

Doctor Who: Dark Horizons

Major Charlene "Charlie" Hawk has been in the thick of battle many times, but she's never had a deployment quite like this. A prison riot on the Moon. Fifty heavily armed, violent felons with nothing to lose. Two dozen innocent corporate drones with no way of escape. There's no retreat and failure isn't an option—not with so many civilian lives in her hands. And especially that one life. Gail Moore runs Moon Colony with a soft heart, a head for business, and a stomach full of fear. Fear

of the cold, dark lunar surface. Fear of blood on her hands. Mostly, though, fear of the way her eyes linger on the soldier who drops into her domain full of unquenchable courage and a body she can't ignore. The odds of survival were never good. The odds they could make something of their mutual attraction were even worse. But as the inevitable orbit of their lunar prison carries them away from the life-giving power provided by the sun, their chances evaporate faster than the fading light. If they are to survive, they need to move quickly. Death waits for them across the dark horizon.
