What is another word for difficult? | Difficult Synonyms

Statistical learning is the ability for humans and other animals to extract statistical regularities from the world around them to learn about the environment. Although statistical learning is now thought to be a generalized learning mechanism, the phenomenon was first identified in human infant language acquisition.. The earliest evidence for these statistical learning abilities comes from a

>Actually, it's both, and others — many nonsense expressions have a number of variants. Yes, many others. I also agree with your observation that we are losing our beautiful dialect based words. John Wiswell on March 23, 2011 6:25 pm. I use at least ten of these words semi-regularly, but that's in part because none of my fellow Americans do.

Bing: Difficult Nonsense Words

this is nonsense. Log in or register to post comments; In other words, winning with a mediocre QB on his rookie contract. Once the money goes to the QB, some of the money now applied on defense goes away and it will be difficult to invest in a much needed wide receiver.

No-nonsense 'Junior' judge won't preside over 2nd trial in

“An incredibly difficult situation, and the First Minister will set out exactly her perspective when it comes to all the relevant inquiries into this issue.” Initially, Ms Sturgeon said the April 2 2018 meeting in her Glasgow home was the first she had heard of the allegations; however, it later emerged that she had met Mr Salmond's chief

Rocco Lampone | The Godfather Wiki | Fandom

Reason 5: Long words aren't tough if you see them as just compounded words and syllables. This goes with my other pronunciation point. Russian, like German, has some really long words (including compounds) that look impossible to pronounce at first glance. But they're simple if you just carve them up into smaller pieces. For example:
