Investing is a life skill and, like any life skill, the key is to learn from those who have already done it well. Empower Your Investing offers a success-based mental framework, discipline, and toolkit for your investing success. This book examines the best practices from masters of the investing world who've demonstrated success over many market cycles: Sir John Templeton, Peter Lynch, and Warren Buffet. The case studies of their winning picks blend the prevailing news and popular opinion at the time of their successful investments with their rationale for buying stocks as they explained in subsequent interviews. "Just as athletes might study Michael Jordan, Mohammed Ali, and Babe Ruth, every investor should know and understand John Templeton, Peter Lynch, and Warren Buffett. Scott Chapman brilliantly showcases the investment world's Greatest of All Time (G.O.A.T.) so every stock market participant, from novice to seasoned professional, can learn the lessons of those who have reached the pinnacle of success. With a comprehensive step-by-step approach, Chapman provides a deep understanding of what it takes to be the best." —Robert P. Miles, Author, *The Warren Buffett CEO; Executive in Residence, University of Nebraska at Omaha* "Scott Chapman's book is a clear read for any investor who wants to learn how to invest better. Scott is a successful long-term investor and educator who is someone all investors can learn from. He shares some of the best investment advice and actual experiences of three of the best investors in history—Peter Lynch, Warren Buffett, and Sir John Templeton. This book will help every person improve their investment skill from the beginning investor to professionally trained CFA analysts." —Craig Braemer, CFA; Blossom Wealth Portfolio Manager and Founder of Braemer Asset Management, LLC.

#### Motor Vehicle MPG and Market Shares Report

This unique reference guide traces the history and development of the Dodge Daytona and Chrysler Laser performance coupes from their introduction in 1984 through their final vow in 1993. The cars' complete year-by-year progressions are recounted, from XE and Turbo Z, to XT and ES, all the way to Shelby and IROC R/T. Using turbocharged 4-cylinder engines, high performance 5-speed transmissions, and high performance suspensions, the Daytona and Laser offered performance numbers that would make even muscle cars envious. The first edition of this book, published in 2007, proved to be both a critical and sales success. This revised edition is packed with even more information, more tables, more photos, even an expanded photo section. G-Body fans have been demanding a comprehensive history of the Chrysler Laser and Dodge Daytona, and this written account

accomplishes that goal with in-depth detail. "I highly recommend this book to anyone that has any interest in G-bodies. It is a perfect reference for the G-bodies." -B. Goodall, President, Shelby Dodge Auto Club "The Daytona/Laser book is, frankly, the best paper-based reference we're ever likely to see on any Chrysler cars of this era; it's very well written, in an engaging style, and McCausey pulled in numerous sources to have a fairly well arranged, well documented compilation. It's worth a buy." -D. Zatz, Allpar.com "I certainly enjoyed going through the book. You've done a great job, and your research on these cars will be the standard in the future, especially since so little on 80's Mopars is otherwise being written." -M. McCourt, Hemmings Muscle Machines "Great book! Congratulations. You did an awesome job." -R. Baldwin, Founder, Buttonwood Press
