### Akashic Records for Beginners

Edgar Cayce's rare mind tuned to the Universal Mind gives us extraordinary insights into the power of our own minds. In this fascinating book, Cayce illustrates how thoughts are things, that may become crimes or miracles in our lives. He explains how by changing our thinking patterns, we can change our life for the better. He also gives a unique view into our mind at sleep describing the influences motivating our dreams and visions, and showing us how to better interpret them. He clarifies why the dreaming mind is so much more important to us than we realize. He also addresses the need to move away from a too self-centered consciousness, opening up to a larger consciousness with powerful intuition and precognition.

### Dream Interpretation (and More!) Made Easy

Drawing on the readings of Edgar Cayce and his own research, the author explores all the mysteries behind gemstones and crystals. Readers can learn to harness the powers of these stones to better attune themselves to the natural and psychic realms of their everyday lives.

### **Edgar Cayce on Vibrations**

For almost two millennia, the Book of Revelation has fascinated and puzzled people with its dazzling imagery and apocalyptic warnings--perhaps never more so than today, as demonstrated by the blockbuster Left Behind series. In this amazing guide to spiritual living, Edgar Cayce--one of the most famous psychics in history--offers a fresh and wholly original interpretation of Revelation. According to Cayce's writings, which have been pulled together by John Van Auken from many different sources, the symbols and places in Revelation are actually represented in people's minds and bodies, meaning that careful study of the book can lead to an enriching spiritual experience. Cayce's insights open up this often impenetrable text, yielding a fresh and rewarding look at an ancient touchstone.

### **Edgar Cayce on Auras & Colors**

For the late psychic Edgar Cayce, the aura provided a pictorial representation of an individual's health, thoughts, talents, and life potentials as well as karmic lessons and even past lives. In a very real sense, the aura functions as a barometer of the whole self—body, mind, and spirit. Psychic Carol Ann Liaros and Cayce expert Kevin J. Todeschi have joined together to present a unique volume that teaches you to access your intuitive self in order to see these auras and colors and then goes on to explain their meaning as based on the well-documented readings of Edgar Cayce. Their work explores colors and the human aura in a way that provides practical tools for understanding that can be applied in your own life right now.

### **The Edgar Cayce Companion**

For years Edgar Cayce, the most documented psychic of all time, provided a small group of individuals with lessons in soul growth and personal transformation. This volume presents a new look at those major principles. From the first lesson on

cooperation through others on ideals, patience, oneness and love, this book provides specific tools for personal and spiritual development. The Cayce information suggests that each individual has a definite purpose for living. There is also the promise that with a spiritual intent we can come to understand that purpose. We are all here for a reason, a reason that joins us in search of a common heritage. Presented here are insights for awakening to our spiritual nature and to an awareness of the purpose of the soul. Edgar Cayce's Twelve Lessons in Personal Spirituality is designed as a tool for personal reflection, as a handbook for small group discussion, and even as a source of encouragement during those moments when the challenges of life seem more overwhelming than the beauty of it. For though we may be separated by language, or religion, or customs, or race, or even vast distances, we all share the earth as our temporal home, we are all Children of the same God, and we are all seekers along the way.

### **Edgar Cayce on the Akashic Records**

Ever since medical school, Dr. Christiane Northrup has been guided by an essential truth about the way our bodies, minds, and souls are intertwined. It's the same truth Edgar Cayce expressed in this famous formula- The Spirit is Life. The Mind is the Builder. The Physical is the Result. When we don't grasp this-when we view our bodily well-being in isolation-life can devolve into constant worry about our health and constant battling to make our bodies "behave." When we acknowledge the deep connection between our beliefs and our biology and start to tune in to the Divine part of ourselves, it's a whole new ballgame-and the first step in truly making our lives work. Making life work, and truly feeling your best, is about far more than physical health; it's also about having a healthy emotional life and a robust spiritual life. And this is what makes the efforts of modern medicine incomplete. As Dr. Northrup explains, our current medical system treats symptoms as inconveniences to be masked with drugs or eliminated with surgery-but that's like putting duct tape over the "check engine" light on your dashboard instead of looking under the bonnet to see what the engine needs. This joyfully encouraging new book helps you lift the bonnet on your own life and health. Topics include- - Untying the knots of blame and guilt that harm your health - Using sexual energy consciously to increase vitality - Balancing your internal systems, including your microbiome, through healthy eating - Cultivating a strong, healthy ego that serves you-instead of the other way around - Communicating directly with the Divine-whatever form it takes for you Drawing on fields from astrology to past-life regression to the new science of epigenetics to standard Western medicine, Dr. Northrup distills a brilliant career's worth of wisdom into one comprehensive user's guide to a healthy, happy, radiant life.

## **Edgar Cayce on the Revelation**

Just who are guardian angels, archangels, and divine messengers? Even the words can produce comfort, reassurance, and hope, for they suggest the presence of celestial beings who are concerned for our welfare and are somehow involved in our lives and activities here on earth. Are these emissaries of light spiritual beings that come directly from God? Are they somehow responsible for bringing us information and guidance? If they truly exist, as suggested by the Cayce readings, then what role do they play in our lives, and how can we enhance that role? All of these questions and more are answered in this latest title by bestselling author Kevin J. Todeschi.

### **How to Raise Your Vibration and Strengthen Your Intuition**

In this study of channeling, earlier called spirit communication or mediumship, Klimo, who teaches at Rosebridge Graduate School in the San Francisco Bay Area, writes with clarity about "the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it." He profiles recent channels and their sources, goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling and for those who think they can, he serves as guide.

Edgar Cayce (1877-1945) was one of the most famous trance mediums in the world and the best-known psychic in America's history. Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as "the sleeping prophet". Through entering a self-induced hypnotic trance he produced over 14300 health and spiritual "Readings" (one of the largest psychic libraries in history) allegedly from his unconscious mind and/or the supposed akashic records. Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine. His influence has extended to millions of people. This book takes a critical look at the life readings and health/spiritual impact of Edgar Cayce. It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions—and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground. Ironically this is the very thing Cayce himself had worried about in reference to the Readings.

### **Soul Signs**

Edgar Cayce, the most documented psychic of all time, recommended exploring three tools for personal symbolism that would assist in personal growth and enlightenment: Creating Life Seals, Creating Aura Charts, and Understanding the Book of Revelation. From Cayce's perspective, a Life Seal is a personal mandala that can be used as a tool for reflection-a reminder of what she or he hopes to accomplish in life. An Aura Chart is a visual depiction of an individual's unique Akashic Record and represents a soul's lessons, attainments, failures and developments over many lifetimes. Cayce's unique approach to the Book of Revelation is that it is a symbolic exploration of archetypal images, patterns, and processes that correspond to the awakening of the Higher Self. It depicts not an external process related to world events but instead an internal one that portrays the struggles that occur within each individual as spiritual development takes place and the basic lower nature of humankind evolves to its higher spiritual nature. You will discover how these tools of symbolism can be used to cultivate your soul talents, to accomplish your mission in life, to overcome weaknesses, to enhance your soul memory, to remember your past lives and even as a means of personal attunement. Edgar Cayce on Soul Symbolism presents timely information on how symbolism can be used to understand yourself and even your connection to the divine. In addition, the volume contains examples of Life Seals and Aura Charts from the Cayce files, as well as two dictionaries of symbols for your easy reference.

### **Edgar Cayce on Angels and the Angelic Forces**

Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all

vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.
