History of Wake Forest College

Critically examines the influence of Google, profiling company founders Larry Page and Sergey Brin while offering insight into their lucrative business processes and assessing the internal and external threats that may inhibit the company's prospects.

The Voice of God

"A Comprehensive History of Norwich" by A. D. Bayne. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

American Prisoners of the Revolution

From the day you invited the Lord Jesus Christ into your life, there are certain prayers you should have been praying, in order to recover all that the enemy had stolen from you in the days of ignorance without Christ. This book reveals the secret of breakthrough prayers that will help to smash through spiritual obstacles that are impossible for others.

The Letter of St. Jerome stand as perhaps one of the few literature treasures that have survived late antiquity, along with that of St. Augustine and Plotinus. This first volume incorporates Letters 1 through 50, and are an excellent cross-section of St. Jerome's early theological and ecclesiastical thought.

PASSION PRAYER OF JESUS THE CHRIST The 7 Secret Principles of Jesus

Invitation to a Journey

Published to critical acclaim twenty years ago, and now considered a classic, The House of Morgan is the most ambitious history ever written about American finance. It is a rich, panoramic story of four generations of Morgans and the powerful, secretive firms they spawned, ones that would transform the modern financial world. Tracing the trajectory of J. P. Morgan's empire from its obscure beginnings in Victorian London to the financial crisis of 1987, acclaimed author Ron

Chernow paints a fascinating portrait of the family's private saga and the rarefied world of the American and British elite in which they moved—a world that included Charles Lindbergh, Henry Ford, Franklin Roosevelt, Nancy Astor, and Winston Churchill. A masterpiece of financial history—it was awarded the 1990 National Book Award for Nonfiction and selected by the Modern Library as one of the 100 Best Nonfiction Books of the Twentieth Century—The House of Morgan is a compelling account of a remarkable institution and the men who ran it, and an essential book for understanding the money and power behind the major historical events of the last 150 years.

The War of the American Revolution

There are prayers that can help rekindle the interest of your spouse in your marriage, even if he or she hasn't looked at you in years. In some cases, these prayers can help turn any troubled relationship to a terrific relationship in as short a time as 21 days.

Prayer Cookbook for Busy People (Book 4)

This is the first biography of Truett since 1939. Born in 1867 just west of Hayesville, North Carolina, George W. Truett grew up to be one of the outstanding Baptist preachers of the twentieth century. He moved to Whitewright, Texas, in 1889 and planned to practice law. His Baptist church in Whitewright, however, ordained him to the ministry in 1890, ignoring his vigorous protest against such action. Truett first gained notice in Texas when, as Baylor University's financial agent (1891-1893), he raised \$92,000 to eradicate the university's debt. He entered Baylor in fall 1893 and graduated in 1897. That same year, he accepted the call of First Baptist Church, Dallas, Texas, thus beginning his forty-seven-year ministry (1897-1944) as the church's pastor. Blessed with an almost unbelievable capacity for work, Truett, in addition to his responsibilities to his Dallas congregation, averaged nearly six revivals each year and was in constant demand as a speaker and as a fundraiser. He was also blessed with a church that permitted him to minister away from Dallas, sometimes for months at a time. During World War I, on what he called his 'great journey', Truett spent six months preaching to Allied forces in Ireland, England, France, and Germany. In 1930, he preached for two and a half months in several South American countries. As president of the Baptist World Alliance (1934-1939), Truett spent six months (1935-1936) preaching in East Asia and two months (1937) preaching in Europe. Best known for his advocacy of religious liberty, Truett also helped found Baylor Hospital in Dallas. Less known about Truett was his understanding of stewardship. Money meant nothing to him, and in twenty-three of his forty-seven years in Dallas, he led his church to spend more money on other missions and benevolences than on its own programs.

The Life of John Knox

Philanthropy in America is a giant undertaking—every year more than \$390 billion is voluntarily given by individuals, foundations, and businesses to a riot of good causes. Donation rates are two to ten times higher in the U.S. than in comparable

nations, and privately funded efforts to solve social problems, enrich culture, and strengthen society are among the most significant undertakings in the United States. The Almanac of American Philanthropy was created to serve as the definitive reference on America's distinctive philanthropy. Upon its publication it immediately became the authoritative, yet highly readable, 1,342-page bible of private giving—chronicling the greatest donors in history, the most influential achievements, the essential statistics, and summaries of vital ideas about charitable action. Now there is this new Compact Edition of the Almanac. It offers highlights of the crucial information and fascinating arguments contained in the full-length Almanac, in a condensed format. All updated to 2017!

Peace of Mind

Thy Will be Done

M. Robert Mulholland Jr. fleshes out a carefully worded definition of spiritual formation that encompasses the dynamics of a vital Christian life and counters our culture's tendency to trivialize, methodize and privatize spirituality. Now revised and expanded by Ruth Haley Barton with a new foreword, practices and study guide.

The Almanac of American Philanthropy

We grow in Christ as we seek him together. Jesus' own pattern of disciple-making was to be intimately involved with others. This expanded 25-session workbook by Greg Ogden, perfect for small groups or individuals, helps us influence others as Jesus did—by investing in a few. Working through it will deepen your knowledge of essential Christian teaching and strengthen your faith.

Stage-coach and Tavern Days

The Fourth Awakening

Mark Twain's Autobiography

They vowed you would never know. They thought there was no way you could possibly unmask the sick things they have been hiding. They were wrong. Now, thanks to the incredible revelations in this amazing book, you can discover their innermost secrets. You can identify the members of the Illuminati and unravel their astonishing plan to control and manipulate. You can crack the Illuminati code. Codex Magica is awesome in its scope and revelations. It contains over 1,000 actual photographs and illustrations. You'll see with your own eyes the world's leading politicians and celebrities-including America's richest and most powerful-caught in the act as they perform occult magic. Once you understand their covert signals and coded picture messages, your world will never be the same. Destiny will be made manifest. You will know the truth and everything will become clear.

A Comprehensive History of Norwich

Prayer Cookbook for Busy People (Book 2)

The Principal Works of St. Jerome

Penelope Drayton Spence made a choice years earlier, and picked marriage and family over a promising career as an investigative reporter. Now, divorced and with her children spread around the country, she is having second thoughts. A mysterious call from the Managing Editor of the Washington Post, offers her a second chance at big time journalism. He has a story so sensitive that the President of the United States personally asked the Post to leave it alone. With rumors of 30 top scientists missing and rich industrialist, Michael Walker, being held incommunicado in a prison typically used for terrorists, the story is too big to ignore. He quietly goes "off the grid" and turns to the only person he knows who is good enough to crack this story, his old college friend Penelope. The moment she picks up the phone her life is turned upside down and she soon finds herself traveling cross country with the most wanted man in America looking for information about the top secret "Hermes Project." On one level it is a straightforward suspense story with plenty of action, a healthy dose of humor and a pinch of sexual tension. On another it is a spiritual quest by a remarkable woman who meets an enlightened man the likes of which have never been seen in fiction before. Thanks to Michael Walker she gets a "do over" that allows her to go back and select the path not taken. Over the course of the story she gradually grows to understand Walker and the amazing spiritual powers he possesses. Penelope also becomes aware of the looming Fourth Awakening, and makes the chilling discovery that her reporting skills and ability to fight her personal demons may be the only thing that can save humanity.

Bushnell Family Genealogy

What role did drug abuse play in John F. Kennedy's White House, and how was it kept from the public? How did general anesthetics and aging affect the presidency of Ronald Reagan? Why did Winston Churchill become more egocentric, Woodrow Wilson more self-righteous, and Josef Stalin more paranoid as they aged -- and how did those qualities alter the course of history? Was Napoleon poisoned with arsenic or did underlying disease account for his decline at the peak of his power? Does syphilis really explain Henry VIII's midlife transformation? Was there more than messianism brewing in the brains of some zealots of the past, among them Adolf Hitler, Joan of Arc, and John Brown? Most important of all, when does one man's illness cause millions to suffer, and when is it merely a footnote to history? To answer such questions requires the clinical intuition of a practicing physician and the scholarly perspective of a trained historian. Bert Park, who qualifies on both counts, offers here fascinating second opinions, basing his retrospective

diagnoses on a wide range of sources from medicine and history. Few books so graphically portray the impact on history of physiologically compromised leadership, misdiagnosis, and inappropriate medical treatment. Park not only untangles medical mysteries from the past but also offers timely suggestions for dealing with such problems in the future. As a welcome sequel to his first work, *The Impact of Illness on World Leaders*, this book offers scholars, physicians, and general readers an entertaining, albeit sobering, analysis.

Guy Fawkes

Salem Witchcraft is one of the most famous books published on the Salem Witch Trials. Author Charles Upham was a foremost scholar on the subject, as well as a Massachusetts senator. Only volume one of the series is included in this Anthology.

The Letters of St. Jerome- Volume I

Many Christians question whether prophecy is still a valid gift in today's world. In this practical, biblical examination of the gift of prophecy, you'll get a clear picture of what prophecy is and how it works - in the lives of individuals through personal prophecy and in entire churches and groups through corporate prophecy.

The Gullah People and Their African Heritage

Religious truths as well as insights from modern psychology are incorporated into a guide for resolving inner conflicts

Salem Witchcraft

The Making of the University of Michigan, 1817-1967

Esotericism is the search for an absolute but hidden knowledge accessed through mystical vision, the mediation of higher beings, or personal experience. In Western cultural history esoteric approaches to religion have often been in conflict with - and suffered at the hands of - more established forms of religious belief and

practice. 'Western Esotericism' presents a very broad and engaging history of the people and ideas which have shaped occult history from antiquity to today. Throughout the history of esotericism the dynamic of concealment and revelation has characterized the search for secret knowledge. Pursued both publically and privately, esotericism has come to influence more mainstream religious practice and culture and has significantly shaped our understanding of modernity. Today, esotericism continues to be practised by a range of both established and new religious movements. 'Western Esotericism' presents the essential guide to one of the most fascinating, provocative, and sustained of religious traditions.

Genealogy of the Descendants of John Eliot, "apostle to the Indians," 1598-1905

The Gullah people are one of our most distinctive cultural groups. Isolated off the South Carolina-Georgia coast for nearly three centuries, the native black population of the Sea Islands has developed a vibrant way of life that remains, in many ways, as African as it is American. This landmark volume tells a multifaceted story of this venerable society, emphasizing its roots in Africa, its unique imprint on America, and current threats to its survival. With a keen sense of the limits to establishing origins and tracing adaptations, William S. Pollitzer discusses such aspects of Gullah history and culture as language, religion, family and social relationships, music, folklore, trades and skills, and arts and crafts. Readers will learn of the indigo- and rice-growing skills that slaves taught to their masters, the echoes of an African past that are woven into baskets and stitched into quilts, the forms and phrasings that identify Gullah speech, and much more. Pollitzer also presents a wealth of data on blood composition, bone structure, disease, and other biological factors. This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples. Drawing on fields from archaeology and anthropology to linguistics and medicine, *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture.

The House of Morgan

It is possible for you to move from debt into abundance in a short space of time. There are provisions in the scripture to help you do this. In this book you will discover the biblical secret of the jar of oil that never runs dry. After reading this manual and applying the teachings, you will know how to unlock the storehouse of God using debt-free prayers, scriptural giving and other principles of kingdom economics.

Discipleship Essentials

In 1778, George Washington unleashed an unlikely ring of spies in New York to discover British battle plans.
