MLA Handbook for Writers of Research Papers

While most English professionals feel comfortable with language and literacy theories, assessment theories seem more alien. English professionals often don't have a clear understanding of the key concepts in educational measurement, such as validity and reliability, nor do they understand the statistical formulas associated with psychometrics. But understanding assessment theory—and applying it—by those who are not psychometricians is critical in developing useful, ethical assessments in college writing programs, and in interpreting and using assessment results. *A Guide to College Writing Assessment* is designed as an introduction and source book for WPAs, department chairs, teachers, and administrators. Always cognizant of the critical components of particular teaching contexts, O'Neill, Moore, and Huot have written sophisticated but accessible chapters on the history, theory, application and background of writing assessment, and they offer a dozen appendices of practical samples and models for a range of common assessment needs. Because there are numerous resources available to assist faculty in assessing the writing of individual students

in particular classrooms, *A Guide to College Writing Assessment* focuses on approaches to the kinds of assessment that typically happen outside of individual classrooms: placement evaluation, exit examination, programmatic assessment, and faculty evaluation. Most of all, the argument of this book is that creating the conditions for meaningful college writing assessment hinges not only on understanding the history and theories informing assessment practice, but also on composition programs availing themselves of the full range of available assessment practices.

College Application Hacked

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw,

unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

For courses in first-year composition and rhetoric. A refreshing new choice that addresses writing in all college-level courses A Guide to College Writing is both an excellent introduction to college writing for composition courses that emphasize writing across the curriculum (WAC), and a writing guide for use in any college course. The text does not teach any one form, but rather how to observe, analyze, and reproduce the forms and intellectual strategies of whatever the students might be asked to read and write. Students are walked through the writing process, beginning with shorter, lower-stakes “microtheme” assignments and scaffolding toward longer, sustained formal projects typical of their discipline. Throughout, students learn how to use writing as a learning tool. Also available with Pearson Writer Pearson Writer is a revolutionary digital tool for writers at all levels. Built for mobile devices, it streamlines the tedious and time-consuming aspects of writing, so that students can focus on developing their ideas. Pearson Writer makes it easy to stay organized, track tasks, and stay on top of writing projects. Students can set milestones prior to the due date, manage their sources, organize their notes visually in the Notebook, and even get automatic feedback on their prose. Pearson Writer is now

PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

For all the anxiety that surrounds the college admissions process, one part of the application lies completely within a student's control: the essay. In this book, Rachel Toor--writing instructor and coach at all levels from high school to senior faculty, and former admissions officer at Duke University--shows that the key to writing a successful application essay is learning to present an honest portrait of yourself. This may sound simple but it means unlearning many of the principles taught in high school writing courses, avoiding the traps of mimicking sample essays and writing what you think admissions officers want to hear, and above all being willing to reveal your flaws as well as your strengths on the page. It also means mastering key mechanical issues that can undermine even the most thoughtful pieces of student writing. Toor offers her advice in a lively, humorous, and engaging tone, with stories of real students and their writing struggles and successes scattered throughout.

The Writer's Guide to Grammar - Student Workbook

The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has
