#1 New York Times bestselling author Christine Feehan explores the limits of endurance and the boundaries of passion in a life-and-death struggle to survive in this GhostWalker novel. It begins as a mission to protect a politician from an assassination threat. But the operation takes an unexpected turn when Mari, a mysteriously beautiful GhostWalker, is taken hostage. At the same time, Ken Norton, expert assassin and himself a GhostWalker warrior, is on a mission of his own—one that reaches into Mari's own past. No stranger to the ways of violent warfare, Mari must join forces with Ken and trust his every move—each one more intimate than the last.

Lying Tears

"Chisholm's Sir Robert Carey novels are the sort of books that cause one to rush out of the house and leave the supper burning, for fear of finishing one after the bookstore has closed and the others are out of reach." —Diana Gabaldon, #1 New York Times bestselling author
Sir Robert Carey took up his northern post as Warden of the West March in order to escape the complications of creditors and court life. However Carey merely trades one set of troubles for another. One black night in 1592, Carey is on patrol along the unsettled border anchored by the garrison in Carlisle. It's a disaster. First, there's the fugitive he has to hand over to the warring Scots. Next come Wee Colin Elliot's sheep stealers. And then a gun explodes and takes off the hand of one of Carey's men. Back in Carlisle, Carey soon learns more faulty guns lie in the armoury in place of the sound weapons shipped in only last week. When these explosive deathtraps are stolen, he sets off in pursuit of both batches of guns—and the thieves. The search ends in Dumfries where King James VI of Scotland—potentially King James I of England when his cousin Elizabeth dies—and his raucous court have assembled. James is as dissolute

as ever, lovely Lady Elizabeth Widdrington, Carey's true love, is still shackled to her husband, and seductive Signora Bonnetti takes a serious interest in Carey and in the missing guns. Will Carey be gallant enough to flirt with the Signora—and with treason?

A Still Small Voice

Imagine a love so powerful that it refuses to die - Anna travels between later years in search of her cherished book and the former years of youth, where her world as a baby drastically changes after the shock of her mother's early death. Anna suffers from abuse, which adds to the effects of an erratic heart, and lives with a rare genetic oral disease. Her mother leaves her in prayer with a request that Anna will have a life of love. In 1938, Dan, an accomplished woodworker, sees Anna on a street corner in Greenwich, Connecticut, and he is powerfully drawn to her, despite the fact that she is many years his junior. He sees past Anna's shy exterior and dirty face and tattered clothes and is captivated by her beauty, despite the discoloration of her teeth. Their bond grows in secret while Dan loves her unconditionally, protecting her with his patience, kindness, and gentle nature until she is old enough for him to be introduced to her father. Their unique connection and faith deepen as they are separated during World War II, when Dan writes Anna the story of his love for her and the journey of their relationship. The mere eighteen-page story referred to as *The Cherished Book*, which the author, Nancy A. Prieston, presents in its original format, is included within the novel. Faith, hope, and endurance encompass them as they journey through all the seasons of life. But will Anna find the book in time, before her final destiny?

Riding on Healing Wings

Several months into his recovery from a near-fatal illness, thirty-four-year-old novelist Sidney Orr enters a stationery shop in the Cobble Hill section of Brooklyn and buys a blue notebook. It is September 18, 1982, and for the next nine days Orr will live under the spell of this blank book, trapped inside a world of eerie premonitions and puzzling events that threaten to destroy his marriage and undermine his faith in reality. Why does his wife suddenly break down in tears in the backseat of a taxi just hours after Sidney begins writing in the notebook? Why

does M. R. Chang, the owner of the stationery shop, precipitously close his business the next day? What are the connections between a 1938 Warsaw telephone directory and a lost novel in which the hero can predict the future? At what point does animosity explode into violence? To what degree is forgiveness the ultimate expression of love? Paul Auster's mesmerizing eleventh novel reads like an old-fashioned ghost story. But there are no ghosts in this book—only flesh-and-blood human beings, wandering through the haunted realms of everyday life. At once a meditation on the nature of time and a journey through the labyrinth of one man's imagination, *Oracle Night* is a narrative tour de force that confirms Auster's reputation as one of the boldest, most original writers at work in America today.

The Leviathan Songster, Containing a Choice Collection of Comic and Sentimental Songs, Etc

A spellbinding novel of love and war from "a young writer of great promise." -- Paul Auster
Written with a storyteller's grace and a poet's touch, John Reed's powerful first novel is a true adventure of the heart -- at once a passionate love story and a sweeping historical saga set against a vivid backdrop of the Civil War. The year is 1859 as seven-year-old Alma Flynt arrives in the Kentucky town of Cotterpin Creek to begin a new life. There, Alma will have as friends, neighbors, and benefactors the magnificent Cleveland family. With their sprawling mansion and gleaming thoroughbred horses, the Clevelands are a wonder. But from the beginning, one Cleveland draws all of Alma's attention: the youngest son, John Warren. Alma knew they were meant for each other from their first meeting. But everything changes as war descends on Cotterpin Creek, taking John Warren to battle and sweeping his family into the chaos. Against this turbulent backdrop, Alma will come of age. And when the fighting is over, the story of a brave young man riding off to battle becomes a haunting journey of vengeance and redemption. And for Alma, yet another journey begins on the day a tormented young soldier staggers back into her life.

To Walk Again in 30 Years

Mama Leone

"Ambitious and distinctive . . . taking us into the lives of two endangered species, Mexican wolves and a Southwest underclass family, equally hunted by fate" (Ivan Doig, bestselling author). Willa Robbins is a master tracker working to reintroduce the Mexican wolf, North America's most endangered mammal, to the American Southwest. But when Colorado police recruit her to find her own brother, Zeb, a confessed murderer, she knows skill alone will not sustain her. Willa is thrown back into the past, surfacing memories of a childhood full of intense love, desperate mistakes, and gentle remorse. Trekking through exquisite New Mexico and Colorado landscapes, with Zeb two steps ahead and the police two steps behind, Willa must wrangle her desire to reunite with her brother and her own guilt about their violent past. In this remarkable debut, Loren's lyrical prose gives voice to the wildlife and land surrounding these beautifully flawed characters, breathing life

into the southwestern terrain. Within this treacherous and mesmerizing landscape, Theft illustrates the struggle to piece together the fragile traces of what has been left behind, allowing for new choices to take shape. This is a story about family, about loss, and about a search for answers. "Theft is the best book I've read in as long as I can remember." —Catherine Ryan Hyde, New York Times bestselling author "Loss and love coexist in Loren's lyrical words." —Medium "A literary narrative encompassing the bonds of family, the echo of tragedy, as well as love and acceptance, played out against a fragile yet enduring natural world." —Kirkus Reviews

Finding Your Smile Again

Let the Jhelum Smile Again

What would happen if we actually lived our faith to its full potential? Not defined it, not discussed it, not preached it to others, but actually practiced it with simplicity and consistency each day of our lives? Imagine the impact we could have on those around us if, with God as our source, we would radiate his love, optimism, and grace in all our circumstances and relationships. Today Christians are often seen as negative and judgmental. That is not the character of Jesus! Our Lord has called us to lives of incredible potential filled with challenges worthy of his name—lives of passion, risk, growth, heart, depth, and deeds big and small, all designed to display what God's kingdom is really about to a watching world. That is what faith is about. It is the faith Dick Capen invites us to reach for—a faith not for superstars but for ordinary people. Capen offers a “faith lift” that will change how you view your life, how you live it, and how it impacts others as you go about being who you were created to be.

Smile Again

"I stood outside my children's bedroom door, listening to them playing, making sure they were okay, and envying their freedom from fear. I whispered a prayer for them through the door and one last, 'I love you.' Then I tiptoed to my bedroom and got a pen, a pad of paper, and a belt." Being upbeat had always come naturally to Eva. As a top student, she enjoyed a carefree childhood, was voted High School President and Homecoming Queen, and had her choice of college scholarships. After a romantic courtship, marriage, and graduation, she thought she had successfully navigated through the hardest parts of adulthood so she could finally enjoy her purpose, being a mom. But Eva had no idea that for her, motherhood would be like opening Pandora's box. Plagued with extreme anxiety and depression, and without the financial ability to regularly rely on counseling or medication, Eva struggled to just survive. The smallest tasks seemed to smother her emotionally. Panic attacks came out of nowhere. Holding fast to her faith and her family, Eva prayed for relief. Her answers came in tender moments with her children and husband over the course of a decade, and are now in this publication,

part raw, honest memoir and part self-help book. Through simple changes in her thoughts and her own original, encouraging songs, Eva found ways to lift her burdened spirit and save her life. Today, she shares these methods, song lyrics, and her new, vibrant way of living in hopes that she can help others learn what she did, how to S.M.I.L.E. again!"Joy is found in how we think and view the world. I hope this book shows you that right now, today, even with whatever you're going through, you can have greater joy."

A Surfeit of Guns

Written in the shadow of the Yugoslav wars, yet never eclipsed by them, *Mama Leone* is a delightful cycle of interconnected stories by one of Central Europe's most dazzling contemporary storytellers. Miljenko Jergovic leads us from a bittersweet world of precocious childhood wonder and hilarious invention, where the seduction of a well-told lie is worth more than a thousand prosaic truths, out into fractured worlds bleary-eyed from the unmagnificence of growing up. Yet for every familial betrayal and diminished expectation, every love and home(land) irretrievably lost, every terror and worst fear realized, Jergovic's characters never surrender the promise of redemption being but a lone kiss or winning bingo card away. As readers we wander the book's rhapsodic literary rooms, and as a myriad of unforgettable human voices call out to us, startled, across oceans and continents, we recognize them as our own.

Munsey's Magazine

Over the River and Through the Wood is the first and only collection of its kind, offering readers an unequalled view of the quality and diversity of nineteenth-century American children's poetry. Most American poets wrote for children—“from famous names such as Ralph Waldo Emerson to less familiar figures like Christina Moody, an African American author who published her first book at sixteen. In its excellence, relevance, and abundance, much of this work rivals or surpasses poetry written for adults, yet it has languished—“inaccessible and unread—“in old periodicals, gift books, and primers. This groundbreaking

anthology remedies that loss, presenting material that is both critical to the tradition of American poetry and also a delight to read. Complemented by period illustrations, this definitive collection includes work by poets from all geographical regions, as well as rarely seen poems by immigrant and ethnic writers and by children themselves. Karen L. Kilcup and Angela Sorby have combed the archives to present an extensive selection of rediscoveries along with traditional favorites. By turns playful, contemplative, humorous, and subversive, these poems appeal to modern sensibilities while giving scholars a revised picture of the nineteenth-century literary landscape.
