How to Read Faster and Recall More

An essential guide to safe and responsible four-wheel driving. Modern four-wheel drive vehicles are powerful and sophisticated machines, able to travel almost anywhere. Given their growing popularity with recreational drivers, there is an even more pressing need for adequate training. Even on sealed roads these vehicles require a different set of driving skills; off-road, the demands are many times greater. This second edition of the bestselling 4WD Driving Skills complements nationally recognised training courses and has been fully revised to include updated vehicle terminology, technology and recovery techniques. It explains the essential skills of four-wheel driving for every type of on- and off-road terrain, how to

approach challenging situations, and what to do if things go wrong. It is a valuable reference for all four-wheel drive enthusiasts.

Ted Simon is the author of the classic travel book JUPITER'S TRAVELS. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.

Think Rich, Pinoy!

Why Not? After all, no-one had ever done it before. It would be one of the longest of all overland journeys - half way round the world, from the English Channel to Singapore. They knew that several expeditions had already tried it. Some had got as far as the deserts of Persia; a few had even reached the plains of India. But no one had managed to go on from there: over the jungle clad mountains of Assam and across northern Burma to Thailand and Malaya. Over the last 3,000 miles it seemed there were 'just too many rivers and too few roads'. But no-one really knew ... In fact, their problems began much earlier than that. As mere undergraduates, they had no money, no cars, nothing. But with a cool audacity, which was to become characteristic, they set to work - wheedling and cajoling. First, they coaxed the BBC to come up with some film for a possible TV series. They then gently persuaded the manufacturers to lend them two factory-fresh Land Rovers. A publisher was even sweet-talked into giving them an advance on a book. By the time they were ready to go, their sponsors (more than 80 of them) ranged from whiskey distillers to the makers of collapsible buckets. In late 1955, they set off. Seven months and 12,000 miles later, two very weary Land Rovers, escorted by police outriders, rolled into Singapore - to flash bulbs and champagne. Now, fifty years on, their book, 'First Overland', is republished - with a foreword by Sir David Attenborough. After all, it was he who gave them that film.

"Welcome to Sugarville, a mythical town in the northeast suburbs of Atlanta where the past, the present, and the future collide and residents embark on spiritual journeys to find themselves." In the town of Sugarville, a small suburb outside Atlanta, Georgia, life couldn't be more normal. One man schedules a doctor's appointment, another receives a mysterious package, and another quits his job to prepare for an apocalypse that may or may not come. Ordinary events in ordinary lives, or so it would seem. With each story comes a new layer of intrigue that charms as much as it chills, each "What if?" answered to its fullest and darkest consequence. In "God Helps Those Who Help Themselves," a devastating drought tests the limits of one man's thirst. "The Last Known Believer" follows the Rapture as it goes not quite according to plan. J.J. Haas stuns and delights with his first collected volume of original short stories, relying on a wry wit that explores each sinister twist and turn the human spirit has to offer.

The Hidden You and Your Leadership Evolution

"Motorcycle Messengers" is a collection of travel stories from some of the leading writers in the genre . . . plus a few people you've never heard of. Consider it a sample pack of authors. Stuff a copy into your saddlebag, read a story by the fire, and discover your new favourite motorcycle travel writer. Lois Pryce exploits her dead grandmother and an imaginary husband to access the Congo. Neil Peart finds his rhythm through the curves of North Carolina. Geoff Hill breaks a Royal Enfield, falls in love, and becomes a hookah hooligan in Iran. Mark Richardson puts his foot up and makes connections in Rwanda. Christopher P. Baker nearly crashes as he crushes crustaceans in Cuba. Ted Simon ponders humanity while observing a rescue at sea off the coast of Malaysia.

Dreaming Of Jupiter

Welcome to Pip Street! The very ordinary place where extraordinary things happen. Full of quirky black-and-white illustrations throughout, as well as fun activity sheets at the back. Can crumpets be cool? When Bobby's dad becomes the manager of the local crumpet factory, Bobby thinks his moving worries are at last over. He likes it here on Pip Street, especially now he has found a new best friend in fizzy Imelda from next door. Except crumpets are boring! And no one is buying them. Unless someone (and I bet it'll have to be Bobby) comes up with a fantabulous plan to make crumpets more interesting, Bobby's dad might lose his job and that means uh-oh moving again. And who's that even newer boy across the street acting like he's better than everyone else, and making eyes at Imelda and trying to be her best friend instead? Looks like there's a crumpety calamity on Pip Street! Keep your eyes peeled for more PIP STREET adventures: A WHISKERY MYSTERY (9781407132815) "Utterly charming and delightful" Mel Giedroyc

Wittgenstein's Metaphysics offers a radical new interpretation of the fundamental ideas of Ludwig Wittgenstein. It takes issue with the conventional view that after 1930 Wittgenstein rejected the philosophy of the Tractatus and developed a wholly new conception of philosophy. By tracing the evolution of Wittgenstein's ideas, Cook shows that they are neither as original nor as difficult as is often supposed. Wittgenstein was essentially an empiricist, and the difference between his early views (as set forth in the Tractatus) and the later views (as expounded in the Philosophical Investigations) lies chiefly in the fact that after 1930 he replaced his early version of reductionism with a subtler version. So he ended where he began, as an empiricist armed with a theory of meaning. This iconoclastic interpretation is sure to influence all future study

of Wittgenstein and will provoke a reassessment of the nature of his contribution to philosophy.

Annotation. A third volume of essays from various activities and events organized by the Centre for International Borders Research at Queens University of Belfast considers three modes in the analysis of culture and cross-border cooperation--cultures of co-operation, co-operation about culture, and the impact of culture on forms of co-operation--as possible strategies in the comparative social science of European borderlands. The case studies range from Israel's Green Line to Ulster Unionist identity. There is no index. Annotation ©2004 Book News, Inc., Portland, OR (booknews.com).

In today's business world, there is an enormous gap between how leaders are supposed to act versus how they actually act. As a leader, where do you fall on the spectrum? In his debut book, John Slone teaches readers about discovering one's Hidden You and using it to become the best leader possible. Before you can successfully lead others, you must first discover both the physiological and psychological attributes that make you, you. Every leader needs a systematic approach to successfully lead while taking into consideration the complexities of human behavior and the innate survival instincts that are consciously and subconsciously invoked in every human interaction. Only by understanding this can you begin your leadership evolution and embark on a journey toward leadership transcendence.
