This was one of the first books to appear after the sinking of the Titanic, published just 37 days after the disaster, and despite the haste it is one of the most stylish and well-written of the early works. Its author, Filson Young, was a respected journalist who had already used his columns in the London Saturday Review and the Pall Mall Gazette to call for better safety at sea, and for all ships to have properly-manned radios. Having sailed the Atlantic himself, and knowing several of the passengers on board the doomed liner, his book combines an imaginative telling of the first few days on board, with a vivid account of the sinking based on early survivor interviews. In 1932 the BBC asked Filson to dramatise the book for radio, but a public outcry forced them to reconsider: even after twenty years, his recreation of the sinking was still too powerful for many of their audience.

The Biggest Joke Book Ever

“A touching and very funny account. . . . Thoroughly engaging.”—New York Times
Hilarious and heartfelt, *Truck: A Love Story* is the tale of a man struggling to grow his own garden, fix his old pickup, and resurrect a love life permanently impaired by Neil Diamond. In the process, he sets his hair on fire, is attacked by wild turkeys, and proposes marriage to a woman in New Orleans. The result is a surprisingly tender testament to love. “Part Bill Bryson, part Anne Lamott, with a skim of Larry the Cable Guy and Walt Whitman creeping around the edges.”—Lincoln Journal Star
“Perry takes each moment, peeling it, seasoning it with rich language, and then serving it to us piping hot and fresh.”—Chicago Tribune

Crown Prince Killian Rhys's life has been defined by duty for as long as he can recall. Duty ties him to a wife he does not love. Duty separates him from the woman he loves, a woman once believed to be beneath him. Duty holds him to the people he will one day rule. Can Killian break free of duty's chains before his wife binds him with more than vows? Will he find a path to his true love, or will duty wrap him in inescapable shackles?

Just a Spoonful of Laughter Helps the Medicine Go Down

A prophetic memoir by the activist who “articulated the intellectual foundations” (The New Yorker) of the civil rights and women’s rights movements. First published posthumously in 1987, Pauli Murray’s *Song in a Weary Throat* was critically lauded, winning the Robert F. Kennedy Book Award and the Lillian Smith Book Award among other distinctions. Yet Murray’s name and extraordinary influence receded from view in the intervening years; now they are once again entering the public discourse. At last, with the republication of this “beautifully crafted” memoir, *Song in a Weary Throat* takes its rightful place among the great civil rights autobiographies of the twentieth century. In a voice that is energetic, wry, and direct, Murray tells of a childhood dramatically altered by the sudden loss of her

spirited, hard-working parents. Orphaned at age four, she was sent from Baltimore to segregated Durham, North Carolina, to live with her unflappable Aunt Pauline, who, while strict, was liberal-minded in accepting the tomboy Pauli as “my little boy-girl.” In fact, throughout her life, Murray would struggle with feelings of sexual “in-betweenness”—she tried unsuccessfully to get her doctors to give her testosterone—that today we would recognize as a transgendered identity. We then follow Murray north at the age of seventeen to New York City’s Hunter College, to her embrace of Gandhi’s Satyagraha—nonviolent resistance—and south again, where she experienced Jim Crow firsthand. An early Freedom Rider, she was arrested in 1940, fifteen years before Rosa Parks’ disobedience, for sitting in the whites-only section of a Virginia bus. Murray’s activism led to relationships with Thurgood Marshall and Eleanor Roosevelt—who respectfully referred to Murray as a “firebrand”—and propelled her to a Howard University law degree and a lifelong fight against “Jane Crow” sexism. We also read Betty Friedan’s enthusiastic response to Murray’s call for an NAACP for Women—the origins of NOW. Murray sets these thrilling high-water marks against the backdrop of uncertain finances, chronic fatigue, and tragic losses both private and public, as Patricia Bell-Scott’s engaging introduction brings to life. Now, more than thirty years after her death in 1985, Murray—poet, memoirist, lawyer, activist, and Episcopal priest—gains long-deserved recognition through a rediscovered memoir that serves as a “powerful witness” (Brittney Cooper) to a pivotal era in the American twentieth century.

Preserving New York is the largely unknown inspiring story of the origins of New York City's nationally acclaimed landmarks law. The decades of struggle behind the law, its intellectual origins, the men and women who fought for it, the forces that shaped it, and the buildings lost and saved on the way to its ultimate passage, span from 1913 to 1965. Intended for the interested public as well as students of New York City history, architecture, and preservation itself, over 100 illustrations help reveal a history richer and more complex than the accepted myth that the landmarks law sprang from the wreckage of the great Pennsylvania Station. Images include those by noted historic photographers as well as those from newspaper accounts of the time. Forgotten civic leaders such as Albert S. Bard and lost buildings including the Brokaw Mansions, are unveiled in an extensively researched narrative bringing this essential episode in New York's history to future generations tasked with protecting the city's landmarks. For the first time, the story of how New York won the right to protect its treasured buildings, neighborhoods and special places is brought together to enjoy, inform, and inspire all who love New York.

This is a public announcement to inform America of a new, not-to-be-ignored women's club. Well, not really a new club, because it has been around for as long as women have been taking care of business, families, and, of course, each other. The M Club is the ultimate how-to manual for any mature woman who is plain sick and tired of going unrecognized and being mistreated, or simply for those who want to revel in their "M-ness"! o We are sick and tired (mostly tired) of things in general going to hell in a handbasket.o We are intelligent, savvy women who know right from wrong.o Sometimes we have to "come over there" to help another member. Often we "go over there" in a big group so we can make an impression.o We help other M Club members because we want to and we are able. Next time, and there will be a next time, any woman is feeling overlooked or harangued, she can appeal to her sister-members of the M Club to shift perspectives, take the reigns, and, well, take care of business. Women will love to give this incredibly funny and frank manual as a present, or even keep it around the home or office for their own reference and fun.
