Compact Utility Tractors, or CUTs, are cute little cutters! As farming became more refined so did the needs of tractors. The answer was a smaller, more maneuverable and fuel-efficient tractor with a variety of implements and attachments. With this focus on special needs, attachments became available such as plows, disc harrows, mower decks, cultivators, spreaders, snowblowers, and more. They have become a necessary utility for farmers, orchards, small construction jobs, and landscaping/maintenance for estates, parks and golf courses. At the forefront of this evolution was the Farmall Cub and John Deere Model L. Then came the Japanese invasion; a new kind of tractor by companies such as Yanmar and Kubota. These four-wheel drive machines were rugged and tough and used a variety of hydraulically powered attachments. American companies like John Deere, International Harvester, and Massey Ferguson built their own their own four-wheel versions. Today's compact tractors, such as the Kubota BX series, Massey Ferguson's GC series, and the John Deere 3000, offer an even larger selection of implements for special purposes.

single mom, bad relationships with men, unhealthy, self-styled dumb blonde who awakens to her destiny of healing bodies, minds and souls. Meet Nadine Mercey, high vibrational healer. This is her personal story. Reading it will change yours. Her mission is raising awareness about the potential in all of us to boost our personal vibration so we can be healthy, in loving relationships, and laughing often and out loud. lol About the Author Nadine Mercey is a high vibrational healer. She grew up in Brantford, Ontario, and confesses to having never done well at formal education. "My mind just didn't work like other people's." Looking back, she recognizes signs of mild autism in her behavior. For twenty years, Nadine worked in real estate, rising to become one of Canada's top realtors. Her success came from an uncanny ability to intuitively understand the needs and motivations of buyers and sellers. Her awakening to the extent of her intuitive capabilities came from selling a haunted house -- one that had been featured in her dreams since childhood. Soon she was experiencing great vibrational development -- and receiving messages in her mind from voices who identified themselves as angels. She is guided and protected by the Gabrielle Collective and other energies. Nadine conducts readings, often at great distances, during which she communicates with the client's spirit guide(s) and/or angel(s). These entities provide instruction about what is required to raise the person's vibration, in order to restore balance to soul, mind and body. Generally energy flows into the person's body as Nadine visualizes areas that need help. Healing happens through creative visualization, and only when intended for the highest and best

interest -- to help that person progress toward his or her predetermined life purpose. Blessed with extraordinarily high vibration, Nadine devotes a portion of her practice to healing other intuitives and to making people aware of their own intuitive capabilities. She is a medical intuitive, who has helped doctors identify illnesses in their patients. Nadine is a dynamic presenter at seminars, and has been the subject of a documentary film. Discussions are underway about hosting a television show. She is also developing her own line of healing products. Nadine lives in Ancaster, Ontario, Canada with her two teenaged sons, Eric and Jaxon. She loves to dance and laugh. And she does own way too many shoes. Reviews "Nadine's healing is amazing. Pro and amateur athletes will gain new awareness and better health by reading her new book." -- Peter Zezel, NHL hockey legend and coach "Nadine Mercy is the most powerful healer that I know and will astonish even her most ardent skeptic. This profound book is a must read!" -- renown psychic medium Karyn Reece (as seen on Lifetime Channel, TLC and Discovery Channel) "Deeper Souls, Less Shoes is a fascinating and breezy narrative. At first I felt like a voyeur, but soon I realized this book was all about me, too! Nadine's tale gives me permission to fully embrace the many odd occurrences that fall into my life daily and to expect that these occurrences or clues, will fit together to create a picture, MY LIFE, larger, more fulfilling and powerful than I can currently imagine. After reading Nadine's book I am filled with confidence to look, and guess what it's there. Thank you, sister! -- Linda Schaumleffel, Olympic athlete and brain fitness expert

Dunning draws on art, art criticism, his own insight, and various studies of those characteristics that lead to success in art by providing the student with useful information on pursuing art and art as a career. From exploring the development of self-discipline, examining the learning process, and suggesting courses to take in school to setting up a studio and networking in the art world, he recommends a general strategy that he has seen work well for many young artists. Although aimed primarily toward artists, and often drawing upon a comparison to scientists, this book is designed to explain how to achieve excellence in almost any field to which the reader applies effort, whether art, music, science, or business.
