### The Gospel According to Jesus Christ

Meet a genuine American folk hero cut from the homespun cloth of America's heartland: Sam Walton, who parlayed a single dime store in a hardscrabble cotton town into Wal-Mart, the largest retailer in the world. The undisputed merchant king of the late twentieth century, Sam never lost the common touch. Here, finally, inimitable words. Genuinely modest, but always sure of his ambitions and achievements. Sam shares his thinking in a candid, straight-from-the-shoulder style. In a story rich with anecdotes and the "rules of the road" of both Main Street and Wall Street, Sam Walton chronicles the inspiration, heart, and optimism that propelled him to lasso the American Dream.

### Aline

### Passages Level 2 Student's Book B

Over the past half-century, globalization has had a profound impact on postsecondary education. The twin forces of mass higher education and the global knowledge economy have driven an unprecedented transformation. These fundamental changes have pulled in opposite directions: one pushes for wider access and accompanying challenges of quality, the other toward exclusive, “world class” research-oriented universities. In *Global Perspectives on Higher Education*, renowned higher education scholar Philip G. Altbach offers a wide-ranging perspective on the implications of these key forces and explores how they influence academe everywhere. Altbach begins with a discussion of the global trends that increasingly affect higher education, including the implications of mass enrollments, the logic of mass higher education systems around the world, and specific challenges facing Brazil, Russia, India, and China. He considers the numerous implications of globalization, including the worldwide use of the English language, university cross-border initiatives, the role of research universities in developing countries, the impact of the West on Asian universities, and the expansion of private higher education. Provocative and wide-ranging, *Global Perspectives on Higher Education* considers how the international exchange of ideas, students, and scholars has fundamentally altered higher education.

A wry, fictional account of the life of Christ by the 1998 Nobel laureate in literature “Illuminated by ferocious wit, gentle passion, and poetry.” — Los Angeles Times Book Review For José Saramago, the life of Jesus Christ and the story of his Passion were things of this earth: a child crying, a gust of wind, the caress of a woman half asleep, the bleat of a goat or the bark of a dog, a prayer uttered in the grayish morning light. *The Holy Family* reflects the real complexities of any family, but this is realism filled with vision, dream, and omen. Saramago’s deft psychological portrait of a savior who is at once the Son of God and a young man of this earth is an expert interweaving of poetry and irony, spirituality and irreverence. The result is nothing less than a brilliant skeptic’s wry inquest into the meaning of God and of human existence.

### **Stranger**

A transporting and brilliant comic novel narrated by an unforgettable woman: Karen Nieto, an autistic savant whose idiosyncrasies prove her greatest gifts As intimate as it is profound, and as clear-eyed as it is warmhearted, *Me, Who Dove into the Heart of the World* marks an extraordinary debut by the award-winning Mexican playwright, journalist, and poet Sabina Berman. Karen Nieto passed her earliest years as a feral child, left alone to wander the vast beach property near her family's failing tuna cannery. But when her aunt Isabelle comes to Mexico to take over the family business, she discovers a real girl amidst the squalor. So begins a miraculous journey for autistic savant Karen, who finds freedom not only in the love and patient instruction of her aunt but eventually at the bottom of the ocean swimming among the creatures of the sea. Despite how far she's come, Karen remains defined by the things she can't do—until her gifts with animals are finally put to

good use at the family's fishery. Her plan is brilliant: Consolation Tuna will be the first humane tuna fishery on the planet. Greenpeace approves, fame and fortune follow, and Karen is swept on a global journey that explores how we live, what we eat, and how our lives can defy even our own wildest expectations.

### **Hot. Passionate. and Illegal?**

By what marvelous alchemy did Ernest Hemingway come to spend 22 of his 61 years living in Cuba? It began with a fishing expedition. It continued with his meeting Martha Gellhorn, an attractive blonde journalist, in Sloppy Joe's Bar in Key West, Florida, in December of 1936. By 1939, Hemingway was dissolving his marriage to second wife, Pauline Pfeiffer, with the aid of Gellhorn. He was just starting to write "For Whom the Bell Tolls", his novel about the Spanish Civil War. He arrived in Key West to work on the novel in the room above the pool house. Work became impossible; Pauline's guests were too noisy and intrusive. In desperation, Hemingway fled to Havana, where he isolated himself in a room in the Ambos Mundos Hotel. He appeared from time to time to descend to the Floridita to quench his thirst with his patented Papa Doble Daiquiri. Martha Gellhorn, visiting Papa in his desolate hotel room, decided that she wanted something of a different order. She located a rental house in the hills of San Francisco de Paula. At first, Hemingway resisted. He said it was too run down. Martha hastened to fix it and staff it. Thus began the saga of 'Hemingway in Cuba'. In these pages you will understand the Cuban magic that shaped the destiny of one of America's most important writers. Norberto Fuentes (b. 1943 in Havana) is a writer and journalist. Fuentes was a close friend of Fidel Castro and thus had privileged knowledge of the Cuban secret service during some of the most difficult years of the Cuban Revolution. After spending many years alongside Castro, Fuentes tried to escape the island, was detained, and eventually released with the assistance of Gabriel García Márquez and William Kennedy. He currently lives in the United States. Gabriel García Márquez (1927-2014), who wrote the introduction, was a Colombian novelist, short-story writer, screenwriter and journalist. He is considered one of the most significant authors of the 20th century.

As a teenager, she is selected to represent her country at the 2008 Beijing Olympics. She finishes last in her heat at the Games, but the sight of the small, skinny woman in modest clothes running in the dust of athletes like Veronica Campbell-Brown brings the Olympic stadium to its feet. Samia sets her sights on the 2012 Games in London. Conditions in Somalia have worsened, and she must make the arduous migrant journey across Africa and the Mediterranean alone. Just like millions of refugees, Samia risks her life for the hope of a better future. ## **Girl Trouble**

A suspenseful memoir from the real life American gangster, Frank Lucas In his own words, Frank Lucas recounts his life as the former heroin dealer and organized crime boss who ran Harlem during the late 1960s and early 1970s. From being taken under the wing of old time gangster Bumpy Johnson, through one of the most successful drug smuggling operations, to being sentenced to seventy years in prison, *Original Gangster* is a chilling look at the rise and fall of a modern legacy. Frank Lucas realized that in order to gain the kind of success he craved he would have to break the monopoly that the Italian mafia held in New York. So Frank cut out middlemen and began smuggling heroin into the United States directly from his source in the Golden Triangle by using coffins. Making a million dollars per day selling "Blue Magic"—what was known as the purest heroin on the street—Frank Lucas became one of the most powerful crime lords of his time, while rubbing shoulders with the elite in entertainment, politics, and crime. After his arrest, Federal Judge Sterling Johnson, the special narcotics prosecutor in New York at the time of Lucas' crimes, called Lucas and his operation "one of the most outrageous international dope-smuggling gangs ever, an innovator who got his own connections outside the U.S. and then sold the narcotics himself in the street." This powerful memoir reveals what really happened to the man whose career was dramatized in the 2007 feature film *American Gangster*, exposing a startling look at the world of organized crime.

## **Like Water for Chocolate**

"There are times when I feel like a stranger in this country. I am not complaining and it's not for lack of opportunity. But it is something of a disappointment. I never would have imagined that after having spent thirty five years in the United States I would still be a stranger to so many. But that's how it is". Jorge Ramos, an Emmy award-winning journalist, Univision's longtime anchorman and widely considered the "voice of the voiceless" within the Latino community, was forcefully removed from an Iowa press conference in 2015 by then-candidate Donald Trump after trying to ask about his plans on immigration. In this personal manifesto, Ramos sets out to examine what it means to be a Latino immigrant, or just an immigrant, in present-day America. Using current research and statistics, with a journalist's nose for a story, and interweaving his own personal experience, Ramos shows us the changing face of America while also trying to find an explanation for why he, and millions of others, still feel like strangers in this country. "It is precisely this pattern of confrontation... that has won Ramos the trust of so many Hispanics. They know that in many countries south of the United

States, direct questions can provoke not simply a loss of access but also a loss of life.” --Marcela Valdes, The New York Times

The product of five years’ investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the “war on drugs,” which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico’s government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, “Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels.” From the Hardcover edition.
