How to Make Your First BdsM Scene Amazing

Two decades ago, this book (and its companion volume, *The New Bottoming Book*) began teaching tens of thousands of people the joyous arts of BDSM topping and bottoming - not just "how-to," but "why-to" the insider details of emotional support and ethical interaction during kinky play. Since then, the growing popularity of BDSM, and the blossoming of the Internet as a source of information and connection, have created a whole new universe of possibilities for players. Now, the completely updated revised *New Topping Book* gives even more insights and ideas, updated for a new millennium, about how to be a successful, popular player! "Easton and Hardy tackle the Top and bring that elusive critter down neatly and with a certain flair. This is good stuff, important stuff an excellent guide to topping, both for the rank novice and for the player who just wants words to put to all the thoughts and feelings that have resisted categorization." - Laura Antoniou, *Sandmutopian Guardian*

He's on Top

This anthology of true life vignettes offers intimate glimpses into hot BDSM play between a female dominant and her boy. It includes passionate moments that cover the gamut of play: teasing, denial, chastity, flogging, caning, pegging, slapping, and much more. It also includes incredibly sweet exchanges full of tenderness and ownership, lots of kissing, laughter, affection, and silliness. "Your

breaths come hard and fast. I bite you relentlessly, thrusting up against you from behind. Every new attack makes you wince and moan, but still you push back against me until I am shoving you up against the wall, tearing at your skin like I am going to devour you."

Pure Male Dominance

The submissive man in a vanilla relationship faces a daunting challenge. How can he convince his demure girlfriend to take charge without turning her off? How can he show her that female domination is not a sick stereotype, but a healthy and romantic way to enhance her life? This book is the answer to his prayers. His girlfriend's hesitation is perfectly understandable. Since female dominants are so often depicted as arrogant sadists intent on hurting and humiliating men, it's not surprising that any woman would feel reluctant to adopt this role in her relationship. After all, who would treat her beloved partner as if she hated him? But she has no need to worry. The real female dominant is not a cruel psychopath. Her relationship involves mutual trust, cooperation, and communication. She can be nurturing and reasonable. She can share her feelings and needs. She can be herself, more bravely than ever - and her partner will love her for it. In *The Hesitant Mistress*, author and dominant Dvanna Hightower gently introduces the novice mistress to a new world of life-enhancing possibilities. The male submissive will try to give his lady everything she desires; all she needs to do is recognize the

confidence she already has inside her. Part self-help book, part kinky instruction manual, *The Hesitant Mistress* is an indispensable introduction to female-led relationships. Any woman who reads it will never be the same.----- CONTENTS -----I. Your partner will learn how to say no to you. She will learn how to train you. She will learn how to punish you and hold you accountable for your actions. She will learn that she can demand whatever she wants from you, despite whatever you might want from her. So beware, my

unsuspecting male friend if you bought this book for her, you might get more than you asked for. You may want to quietly set it aside and buy her a set of fuzzy handcuffs instead. You have been warned.

A complete guide to understanding dominant Chinese ladies from the mainland ...for the TRULY submissive male ...

Submissive women have needs just like anybody else. But how can a woman get her needs met when she's relinquished her power to her dominant partner? With warmth, wisdom and a down-to-earth approach, experienced submissive Kacie Cunningham analyzes the realities of the dominant-submissive lifestyle and suggests ways in which both partners can experience the greatest possible growth and pleasure. At the heart of the book is an emotion Kacie has dubbed "Conquer Me" -- which she defines as "the submissive's internal demand for a show of strength." Without a clear understanding of "conquer me," both submissive and dominant may find themselves at odds -- either fighting unhappily, or watching the passion ebb from their relationship. This book explains this unique need and how to get it met -- essential knowledge for any submissive or couple who wants to get the most out of their D/s lifestyle.

Dom's Guide to BDSM Training

What is 'Female Leadership'? It's accepting that 'She knows best' in all matters. From the finances to the household to how best to accomplish long-term goals. It's trusting in Her judgement to run things and embracing 'Her way'. This doesn't make the man weak, just the opposite, because men are the best at 'getting things done' when the task is clearly defined but difficult to do. A Female Dominant Household plays to both side's strengths and minimizes weaknesses, leading to Female empowerment, greater satisfaction in the relationship, trust, bonding and yes, mind-blowing sex. Surrender, Submit, Serve Her seeks to help implement your Female Led household through tools like the Command and Conquer meeting (commanding and conquering tasks and roadblocks, not people), laying out the contract of servitude (clearly defining her dominion and removing unnecessary confusion) and crafting your own pledge that personalizes and empowers the act of his submission. Surrender, Submit, Serve Her has been nominated for the BDSM Writers Con 2017 Golden Flogger Awards for BEST BDSM Book of the Year in the Non-fiction category. Updated for 2018! Better formatting and new content.

The Hesitant Mistress

This book has been written for a very specific purpose, and more importantly a very specific niche, both of which should be apparent enough from the title. In a nutshell, this is for submissive males - - TRULY submissive males (as opposed to those who choose to "top from the bottom") and should be read with a mindset

akin to this (if you aren't in the above category). It is submissive males looking to find the dominant lady of their dreams - - or more accurately the dominant Chinese lady of their dreams. Of course, most of what is mentioned herein is NOT specific to any particular ethnicity - - but I've found it to hold most true for the ethnic subgroup I have mentioned. A lot of what I say might come across as controversial. So be it. I've never been known (either in person or my books) for sugar coating things and NOT saying it like it is - if anything I've been brutally honest my entire life and this same style permeates my writing in all areas. If all of this sounds like a style you'd want to partake of, dive right in!

How to Be a Healthy and Happy Submissive

Erotic humiliation goes far beyond the "Lick my boots!" stereotype. Princess Kali, a famous former Dominatrix and world-renowned Humiliatrix, throws open the dungeon doors to explore the complex desires that fuel this kind of psychological play for both dominants and submissives. Using both personal experience and extensive interviews she shares advice and detailed ideas for a broad range of embarrassing, humiliating, and degrading ways to enjoy consensual kinky fun. Also covered are important concepts such as communication, negotiation, consent, triggers, aftercare, and so much

So you want to have a FemDom relationship or want to know how that would even work? You are a man and want to convince your wife to become your future mistress? You are a woman and want to understand submissive men or train one? Then this is your book. You should not read this book, if you're interested in any 'hot' FemDom sex stories - you won't find them there. You will find a complete manual for a FemDom relationship, however. This book is a complete guide to a modern FemDom relationship. So much of the websites out there are focusing on the sexual elements of FemDom, and almost no one talks about FemDom as a relationship model. Needless to say that it seems all of the writings are from men, and they really don't understand women - especially not Dominant women. I have been in a FemDom relationship for almost 10 years now, and yes, it works - it's the best lifestyle ever, I love it! But getting there wasn't easy. The stuff on the internet, for instance, was worthless. I received lots of help, but I have to admit that much of this was sheer luck. The first step was understanding my submissive husband and his desire to be dominated. It was by accident that I discovered my husband's visits to a Dominatrix. How was I supposed to understand that? If I would have had access to a book like this one, I would've understood him much better. But back then this book didn't exist. Instead, I invested lots of time to understand submissive men and went on a journey. After some time, we introduced FemDom. I learned to Dominate. I learned to command. I learned to own him. He's mine now.

Conquer Me

A breakthrough in sexual literature, this work is a complete, comprehensive user-friendly guide to and tour through the world of alternative sexual lifestyles. While the topics are exotic and erotic, the authors handle each one in a sensitive,

Domme Chronicles

Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a "good idea" when it comes to creating a BDSM relationship. It is essential. "Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to "get in the same rhythm" and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to

be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

Submissive Training [Doms and Acquaintances 2]

Beyond any shades of grey, there's an entire kinky world of BDSM, full of real life dominants and submissives enjoying an intimacy and satisfaction in their relationships that vanilla folk only dream of. Whether you want to explore your own

submissive fantasies, or you're just curious about what BDSM is really like, this book will answer all your questions, plus some you didn't know you had. Erotic author Kate Kinsey ("Red," and "The Totally Uncensored Kinky Adventures of Chloe St. Claire, Sex Slave") brings over a decade of experience as a submissive and kinky educator to this practical step-by-step guide to being a healthy and happy submissive. Topics covered include: the differences between dominants and masters, submissives and slaves, and tops and bottoms; the different dominant styles; the truth about "training" to be a submissive; how to find like-minded folks in your area; how to negotiate scenes and relationships; what to expect at your first dungeon party; why some people actually enjoy pain; and the warning signs to look out for when talking to potential partners. "Kinsey has written a no-nonsense guide that thoroughly explains the various kinks and fetishes that come under the umbrella of BDSM. Most importantly, she emphasizes the importance of protecting yourself along the way with knowledge, friends and self-awareness." "This is not fiction, but reality. Kate Kinsey has the experience to tell it like it is, not the way some vanilla writer imagines it to be."

Three decades ago, this book and its companion volume "The New Topping Book" began teaching tens of thousands of people the joyous arts of BDSM topping and bottoming - not just "how-to," but "why-to" the insider details of emotional support and ethical interaction during kinky play. Since then, the growing popularity of BDSM, and the blossoming of the Internet as a source of information and connection, have created a whole new universe of possibilities for players. Now, the completely updated revised New Bottoming Book and New Topping Book give even more insights and ideas, updated for a new millennium, about how to be a successful, popular player! What the experts are saying "The only way I can think of to learn more about bottming than Dossie Easton and Janet Hardy teach you in [The New Bottoming Book] is to go out and bottom for yourself." - William A. Henkin, Ph.D., co-author, Consensual Sadomasochism

Domination & Submission

When the mildly kink-themed trilogy 50 Shades of Grey became popular reading in 2012, the media speculated that feminism was in reverse, as the public went mad over bondage and discipline, domination and submission and sadomasochism (BDSM). The novels provoked academic debate about BDSM and the issues it raises for feminists. Is the female dominant truly powerful or is she just another objectified body? Does lesbian BDSM avoid the problematic nature of heterosexual kink, or is it actually more subject to the "male gaze" of feminist theory? And what is it about kink that has creators of pop culture--from Anne Rice to the producers of Scrubs--using it to attract audiences? Examining the tropes of kink in books, TV shows, film and the music industry, this work addresses these and other questions that depictions of BDSM raise for the feminist audience. The author interweaves her own research and experiences in the BDSM scene with the subculture's portrayal in the media.

The New Topping Book

He's on Top pays homage to those irresistible men who control their partners with a glance, a tickling whip, or a measured smack on the bottom. As true tops, the bossy hunks in these stories understand that erotic BDSM is about exulting in power that is freely yielded. Contributors such as Amanda Earl, Mackenzie Cross, Alison Tyler, Mike Kimera, and others cover the full range of the male dom's brand of sensual sadism, from spanking and bondage to public sex and power exchange.

Submissive Men

Domination and submission: perhaps you're aware of it from *Fifty Shades of Grey*, or perhaps you're a seasoned practitioner; whatever your experience level and expectations, this guide will provide you with a step-by-step blueprint of exactly what you will need to do in order to train your submissive partner(s), and have him/her* delighting in obeying your every command. In this guide you will learn

about all of the steps which are conducive towards developing a positive Dom/sub relationship, which means you'll be learning about how to prepare a Domination and submission relationship in the first place; the protocols which you may use to maintain discipline in your sub; practices for physical, sexual and attitude submission; how you and your sub can use rituals to get into and out of your roles when engaging in D/s scenes; and there will even be some more advanced techniques mixed in throughout the guide which will help you take your Domination and submission experience to the next level. Without further ado, let's begin.

Thinking Kink

"My submissive won't do what I want!" This is a common complaint, especially for new femdoms. This guide will help. Whether your submissive forgets to do things you've asked of them, or doesn't complete tasks you set, or thinks it's fun to disobey, or outright says 'no' when you ask something of them, this guide is for you. As a new Domme, disobedience can shake your confidence and leave you struggling because you just aren't sure what to do. Maybe you've tried a bunch of things to get your dynamic back on track, but it hasn't worked out as you'd hoped. This short, sharp, practical 'How To' femdom guide is for you. Discover why your submissive disobeys, what makes them obey, and how you can build a dynamic that makes them want to fall over themselves to obey you. Far past the

basics of building a relationship where obedience is a given, this guide presents an actionable strategy for handling your submissive's disobedience: SLAPS*.SLAPS is an acronym that describes 5 practical steps that will not only help you handle your submissive's disobedience, but that will also strengthen your dynamic while you're at it. S - Seek Clarity L - Listen A - Agree P - Punish (optional) S - Start fresh SLAPS is not just going to help you to deal with an instance of disobedience, but will help you use the experience to better understand your submissive, to improve communication, to increase intimacy, and to make your dynamic and your relationship better. The toolset and strategies in this guide reach wider than simple disobedience and you can apply them more broadly, but if you just want to deal with your submissive not doing what you want, it will absolutely help you. *This guide contains no actual slaps!

BDSM Basics for Beginners - A Guide for Dominants and Submissives Starting to Explore the Lifestyle

You may think that every Master has a huge house filled with either gothic décor or fluffy white couches, and a ridiculously full selection of paddles, straps, whips, crops, restraints, sex toys, and bondage gear. Fortunately, you don't have to pay a hundred dollars for a specialty flogger or purchase a wedge from Extreme Restraints for three hundred bucks in order to be a great Dom and provide your

sub with hours of bondage, spanking and fun. Most of the things you need to give your submissive the spanking of a lifetime, a punishment to fit the crime, or just an incredible bondage experience can be found right in your own home. Your sub will not only enjoy the variety of experiences in her sessions but also appreciate your creativity. "Dom's Guide to Submissive Training Vol. 3" gives you 31 common objects you already own or can purchase for minimal cost and keep right out in the open that will enhance your BDSM relationship and provide you and your sub hours of pleasure. Aside from the cost savings, there is another benefit to using everyday objects in your BDSM training and session fun – discretion. Not every person can be seen walking down the street or through an airport with a leather whip in his hand or a wooden paddle in his bag. Many Doms must conceal their activities from employers, social circles, or vanilla spouses. Common objects make it easier to engage in important rituals without detection.

☆Updated 2nd Edition!☆ Strip him of all his power. It's time to push him around and make him beg for more. One of the biggest misconceptions about BDSM is this: Women are submissive, and men are dominant. It's time to shine some bright light on that myth. With tons of experience with pushing men around (in a non-bitchy way, they all agreed, I promise you) I decided to write this book for both novices and experienced Dominas. It's a sensitive topic. It goes against what we see on tv and film. It goes against the innocent girl conquered by a dominant man. It's against the so-called masculine attributes. That's why it's both exciting and common! It's like eating the forbidden fruit, almost as living a double life. I've divided this book into four parts. Part one: Being a dominant women Part two: Understanding Male Sexuality Part three: Communication and satisfying each other's needs Part four: Perform the act Each part is divided into several sections to arm you with the best information and make sure you get a great time being a Domina. Enjoy the book, and please let me know if I can help in any way! All the best, Alex

Sensuous Magic

Why do Women, even very attractive women, stay in relationships with Men who treat them badly? Is it low self-esteem or a desire to submit to a dominant man? A dominant man who will provide all the romance and excitement she has been brought up to believe is her natural right. In my case it was the latter; I wanted the big, handsome hunky guy who would sweep me off my feet, treat me like a princess in public and his sex slave in the bedroom. But, as most women find out, life is not a fairy tale. A real life Rhet Butler probably does exist but you will have more chance of finding a needle in a haystack. Elizabeth Bennett found happiness but for every Mr Darcy there are hundreds of selfish men who think a woman's job is just to supply sex and child care. **WOMEN SHOULD UNDERSTAND THE POWER THEY HAVE.** I didn't realise it until I was thirty-five and until that point I put up with my men coming home drunk, wasting my money, getting fatter and more abusive

and providing me with increasingly disappointing sex. I put up with it no longer. I now have a man who sees it as his principle aim in life to keep me happy, contented, wealthy and sexually satisfied. I have known my man for most of my life but he only became my boyfriend seven years ago. During that time I have been a professional Dominatrix and a writer of books dedicated to the dominant female. And my boyfriend is also my slave. In this book I explain how all this came about. The book is more about personal-transformation and female-empowerment than it is about kinky, usually fictional, sexual fantasies. The success of the book, *Fifty shades of grey*, shows the interest there is out there in an alternative, discipline based life-style and emphasises that many women share that interest. Unlike, *fifty shades of grey*, *Dominant Female Submissive Male* is primarily a manual for submissive men to find the Mistress of their dreams but it is also an eye-opener for frustrated women as it shows them the glorious, very exotic and exciting life they could have. While some submissive men are slightly pathetic, and even creepy, many are romantic, kind-hearted, reliable and good fun. They adore and respect women and see it as their role in life to support them. What's not to like about that? They will have a desire for discipline and this desire will be inextricably linked to their sexual nature. For some this will be extreme and involve heavy BDSM but for most it will involve safe, erotic role-play and spankings. The point is that Women control when, how and even if it happens. Women have the power in all aspects of the relationship and how they exercise that power is up to them. Believe me, once you have a man on his knees begging for an orgasm you

will never look back. But Women do not want to live with a wimp and this is what a lot of very nice submissive men fail to understand and why many of them remain frustrated and single when, with a little change of emphasis, their dreams are so easily achievable. This book is a guide on how to affect this change of emphasis and to get across what women are looking for and will accept in a loving, fulfilling and very kinky relationship. It also explains how submissive men can learn to accept and enjoy their kink and how to widen their circle of fetish friends. It relates the authors own experiences and offers guidance on how to get the best out of a session with a Dominatrix and how to become more than just a client to her. It also explains how to tell your wife about your desire for female-domination and, more importantly, how not to. It also offers cautionary tales and about how not to get ripped off by unscrupulous con-artists. The central aim of the book however, is to bring together good men who have a desire for female-domination with good women looking for a lover who will provide happiness, support, fun, excitement and success. Sex. This is one, if not the most, wonderful gift that humans were bestowed with. Just imagine the world without the gift of sexual activity between opposite sexes? There could have been an absence of this pleasurable experience that everyone in the right age enjoys. While everyone seems to view sexual intercourse as a kind of activity that is supposed to be regarded with respect and conservatism, some

people have gone out of their way and formed a new orientation about it. To some, sexual activity is no longer an act of sacred human reproduction but a way of executing creativity and expression of unexplainable behaviors and attitudes. Specifically, this book focuses on BDSM. What does BDSM stand for? What does the whole term mean? Why is there such a thing as BDSM training? All these and more questions will be answered as you continue reading this entire book.
