A second compilation of Jeff Howe's unique poetry, *Falling from a Cloud* is a complete work, particularly in that Jeff not only wrote the content for it, but he designed the entire book from cover to cover as well. When you pick up the book to read it, you will hold in your hands an easy-to-navigate and orderly presentation that is Jeff's signature statement to lay out methodologies. His poetry tells stories, sings songs, speaks about people and places that are universal in spirit, if not in actuality. Take the journey - you won't be disappointed!
