New Scientist

Law Enforcement Bulletin

New Scientist

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

challenges really are.` - Richard Winterton, Chief Executive, Police Skills & Standards Organisation The police service is undergoing rapid change as it adapts to face the challenges of modern life. Careers and Jobs in the Police Service details these changes and provides practical advice on how to gain entry, the personal qualities required and describes the numerous career possibilities on offer - from local beat to CID, from fast-track promotion to civilian support roles. Illustrated by real life case studies, this book provides: job descriptions and entry routes; training and qualifications; practice examples of the police recruitment tests; where to look for further information. Complete with information on pay and conditions, equal opportunities policies and essential contact details, this book is an invaluable guide for anyone considering a career with the police.
