Chrome's Song Maker is growing in popularity, so i decided to make a tutorial on how to use the letter notes, posted on this website, to create songs in Chrome Music Lab - Song Maker. I will try to keep it as brief and simple as i can, if you don't understand something please leave a comment and i'll try to explain better that part.

Chrome Music Lab - Song Maker Tutorial ~ Piano Letter Notes

An interval in music is defined as a distance in pitch between any two notes. The larger the interval between two notes, then the greater the difference in pitch between the notes. And vice versa, the smaller the interval between two notes then the smaller the pitch between the notes. There are three parts to the way we describe an interval:

How to Read Guitar Sheet Music (Step-By-Step Guide)

Learning how to read sheet music unlocks a world of expression and freedom on the piano. Although it takes practice to become proficient at sight reading, it is one of the most valuable skills to have as a musician. How To Read Sheet Music: Step-by-Step Instructions

Music is made up of a variety of symbols, the most basic of which are the staff, the clefs, and the notes. All music contains these fundamental components, and to learn how to read music, you must first familiarize yourself with these basics. The Staff. The staff consists of five lines and four spaces.

How to Read Piano Notes & Sheet Music: 5 Easy Steps for

Flat notes are notes that sound a semitone lower than notes that appear on the lines and spaces of a musical staff. As an example, the note B is represented on the third line of the treble clef staff. The note B-flat is indicated with that same notehead with a \flat symbol placed to the left of it. The \flat symbol universally indicates a flat note.
