Easy Piano Big Hits

The "rags-to-riches" story of Henry Mancini (1924-1994) could come straight out of one of the many movies he scored. The Academy Award-winning composer, arranger, and conductor was born the son of poor Italian immigrants in the grim steel town of West Aliquippa, Pennsylvania. Taught to play the flute by his father at age eight, Mancini took up the piano soon thereafter; the bona fide child prodigy later attended Juilliard. After a stint in the Air Force during World War II, he joined

Universal Pictures' music department and thus began his lifelong association with the movies. Highly prolific, Mancini composed and arranged countless scores for movies and TV shows, and recorded more than ninety albums. His many memorable film scores include *Breakfast at Tiffany's*, *Touch of Evil*, *Days of Wine and Roses*, *The Glass Menagerie*, *The Pink Panther*, *10*, and *Victor/Victoria*. In addition to winning four Oscars, Mancini took home some twenty Grammys. Newly revised to cover Mancini's last years and tragic passing, *Did They Mention the Music?* contains innumerable stories and anecdotes about the great show business talents with whom he worked over the course of his forty-plus-year career: Orson Welles, Blake Edwards, Johnny Mathis, Julie Andrews, Audrey Hepburn, Johnny Mercer, Luciano Pavarotti, and many others. Mancini was an intensely private man; however, *Did They Mention the Music?* is both revealing and eminently readable.

See You Again Sheet Music

'If you had to pick two things you wanted - if you had to - what would you pick?' I hesitated. This was a bigger question than usually got asked at these post-match debriefs. 'I suppose the honest answer would be,' I said, still accessing the last pieces of required data from a jumbled mind, 'meeting my soul mate, and finding an idyllic house abroad somewhere.' Inspired by breathtaking views and romantic dreams of finding love in the mountains, Tony Hawks impulsively buys a house in the French Pyrenees. Here, he plans to finally fulfil his childhood fantasy of mastering the piano, untroubled by the problems of the world. In reality, the chaotic story of Tony's hopelessly ill-conceived house purchase reads like the definitive guide to how not to buy a house in France. It finds him flirting with the removal business in a disastrous attempt to transport his piano to France in a dodgy white van; foolishly electing to build a swimming pool himself; and expanding his relationship repertoire when he starts co-habiting, not with an exquisite French beauty, but with a middle-aged builder from West London. As Tony and his friends haplessly attempt to fit into village life, they learn more about themselves and each other than they ever imagined.

Pink Panther fans know Clouseau will recover the missing gem, bring a killer to justice, restore a Republic's damaged pride, and win the gratitude of an adoring nation. Cream of the Crop, Book 1

With one of the longest and most controversial careers in Hollywood history, Blake Edwards is a phoenix of movie directors, full of hubris, ambition, and raving comic chutzpah. His rambunctious filmography remains an artistic force on par with Hollywood's greatest comic directors: Lubitsch, Sturges, Wilder. Like Wilder, Edwards's propensity for hilarity is double-helixed with pain, and in films like *Breakfast at Tiffany's*, *Days of Wine and Roses*, and even *The Pink Panther*, we can hear him off-screen, laughing in the dark. And yet, despite those enormous successes, he was at one time considered a Hollywood villain. After his marriage to Julie Andrews, Edwards's *Darling Lili* nearly sunk the both of them and brought Paramount Studios to its knees. Almost overnight, Blake became an industry pariah, which ironically fortified his sense of satire, as he simultaneously fought the Hollywood tide and rode it. Employing keen visual analysis, meticulous research, and troves of interviews and production files, Sam Wasson delivers the first complete account of one of the maddest figures Hollywood has ever known.
