### **A Beginner's Guide to Becoming an Antiques Dealer**

### **Spending the Night on the Pike**

This guide will help the collector navigate through the company sleeves part of record collecting. Inside you will find more than 600 color photo's, liner notes and a value for each sleeve. This is a must have for any 45 RPM collector.

### **Goldmine Record Album Price Guide**

This book is primarily concerned with the classical music catalog of Mercury Living Presence recordings recorded and published by the Mercury Record Corporation. Mercury Records made some of the finest and most natural sounding audio recordings ever made, mostly of excellent and committed performances of classical music. But this is not a history of Mercury records or even of the Living Presence series of recordings. My main focus was to create a list of all the Mercury Living Presence classical records. I am mostly interested in the stereo recordings, but there are also many earlier mono recordings of great interest, too, so I have included those also. Specifically, what is included is information on the SR 90000 series of stereo recordings and the MG 50000 series of mono recordings, but there is also a listing of the Wing classical reissue series. \*\*\*\*\* Decades ago, when I began collecting Mercury records, and years later when I started collecting the CDs, I was looking for a complete list of all the Mercury Living Presence records and later the CDs. Though I found some information that was helpful, to get what I wanted, I had to make the list myself. I started with lists of records on the record sleeves of the albums, got some information from The Absolute Sound! magazine,

and in the internet age, found useful information on several internet sites, but mostly to get the list I wanted, I had to dig up the information and build it myself. Having completed the list, it occurred to me that other collectors might find it helpful, too. So I put together a group of databases and spreadsheets in Microsoft Excel and Microsoft Works database format files and issued the databases I had created on a CD-rom disc in early 2013. By that time I had all the original series of CDs mastered by Wilma Cozart Fine, and many of the records that had been reissued on CD, and virtually all of the stereo records not issued on CD, plus most of the mono records in which I had a strong interest. Now it is available as a book. Among other things it includes the following lists: Complete Mercury Living Presence CDs, including every CD, with its track information, identifying Composer, title, soloist, conductor, orchestra, CD #, LP where originally published, and recording date. Complete Mercury Living Presence LPs including every LP with its track information identifying Composer, title, soloist, conductor, orchestra, LP #, CD on which it was reissued if any, and recording date. Different versions of the files are arranged by: Composer and Title, Recording Date, Record number, and CD number. There are also a listings of LPs and LP tracks that have not been reissued in the Mercury Living Presence CD series. Included are listings of all original Mercury Living Presence records in the SR 90000 and MG 50000 series, all CDs originally mastered by Wilma Cozart Fine, all SACDs, and the more recent reissues and new issues in the large 50+ CD box sets and the 10-CD box sets of Marcel Dupré and Janos Starker. There are also a few chapters of background information, little known facts, and other topics of interest. Hopefully readers will find it interesting and useful.

## **Goldmine's Promo Record and CD Price Guide**

## **The Official Blackbook Price Guide to United States Coins 2015, 53rd Edition**

## **The Jazz Discography**

A celebration of 78 rpm record subculture reveals the growing value of rare records and the determined efforts of their collectors and archivists, exploring the music of blues artists who have been lost to the modern world.

## **Rare Classical Record Price Guide 2006**

Critic Leonard Feather was one of the earliest and most persistent champions of bop. It was he who persuaded RCA Victor that the new music was worth recording. His Inside Jazz is a full-length account of bop: its origins and development and the personalities of the musicians who created it. Numerous photographs and anecdotes bring this innovative era in jazz history back to life once more.

## **Do Not Sell At Any Price**

Want To Learn Everything About the game-changer for the world of finance ? Learn

how you can benefit from Blockchain Now. This is an excellent book for beginners to understand the Business potentials of Blockchain ! Blockchain is a way of revolutionizing business transactions. It was developed in conjunction with Bitcoin technology but can be applied just about everywhere and has enormous implications for education and the future of finance. Blockchain, however, is more basic than just a tool for finance. Therein lies its incredible potential. At the most basic level a ledger. It is a digital ledger of transactions, one that is accessible to the public and keeps track of transactions anonymously . This awesome book covers: What is Blockchain? The History of Blockchain The Advantages and Disadvantages of Blockchain Technology What Can Blockchains Enable? Examples of Public and Private Blockchain Concepts The Mechanics of Blockchain Legal impacts of the Blockchain technology And more

## **A Guide to the Australian Records of Elvis Presley**

An instant New York Times bestseller, Dan Lyons' "hysterical" (Recode) memoir, hailed by the Los Angeles Times as "the best book about Silicon Valley," takes readers inside the maddening world of fad-chasing venture capitalists, sales bros, social climbers, and sociopaths at today's tech startups. For twenty-five years Dan Lyons was a magazine writer at the top of his profession--until one Friday morning when he received a phone call: Poof. His job no longer existed. "I think they just want to hire younger people," his boss at Newsweek told him. Fifty years old and with a wife and two young kids, Dan was, in a word, screwed. Then an idea hit. Dan had long reported on Silicon Valley and the tech explosion. Why not join it? HubSpot, a Boston start-up, was flush with \$100 million in venture capital. They offered Dan a pile of stock options for the vague role of "marketing fellow." What could go wrong? HubSpotters were true believers: They were making the world a better place by selling email spam. The office vibe was frat house meets cult compound: The party began at four thirty on Friday and lasted well into the night; "shower pods" became hook-up dens; a push-up club met at noon in the lobby, while nearby, in the "content factory," Nerf gun fights raged. Groups went on "walking meetings," and Dan's absentee boss sent cryptic emails about employees who had "graduated" (read: been fired). In the middle of all this was Dan, exactly twice the age of the average HubSpot employee, and literally old enough to be the father of most of his co-workers, sitting at his desk on his bouncy-ball "chair."

## **Goldmine's Price Guide to Collectible Record Albums, 1949-1989**

Not just for DJs, this book is tailored to collectors seeking the "rarest of the rare" from today's most collectible artists. 16,000 promo CDs and records including 45s, 78s, LPs, EPs, 12-inch singles, sleeves and covers.

An easy-to-use, well-organized format. Whether you're new to the scene or a veteran collector, "Goldmine Record Album Price Guide" is here to help

## **High Fidelity Incorporating Musical America**

The Virgin label began with an eclectic and esoteric mix of left-field artists, including Mike Oldfield, Gong, Faust, Tangerine Dream and Henry Cow. Many of the resulting LPs are now considered to be important cultural reference points - is there anyone who hasn't heard of Tubular Bells? In 1977 Virgin signed the Sex Pistols. A horde of punk and new wave bands followed, such as XTC, Magazine, The Ruts and - as the Sex Pistols imploded - PIL. Later, the iconic Front Line label was responsible for some of the best reggae ever heard, from artists such as U-Roy, Tapper Zukie, I-Roy, Keith Hudson, The Gladiators, Culture and the Twinkle Brothers. This book covers the 'classic' years and is an absolute must for anyone with half an ear open. During the 1970s Virgin defined the nation's - if not the world's - musical taste. All known releases on all related labels are documented - from Tubular Bells to numerous forgotten gems that deserve much greater recognition. The Rawtenstall Concertina Orchestra anyone?

## **Hobbies**

Antiques maintain a fascinating and magical allure. The business attracts creative, sometimes larger-than-life colourful characters. And although the boom years of the 1990s have passed, most rogues and fly-by-night dealers have fallen by the wayside. It is imperative today that a professional air is exercised to make a living. Even though involvement in the industry may be as small or large as one likes - a part-time hobbyist, collector, enthusiast, or professional dealer - various rules and regulations have emerged to help provide fair trading and credibility in this industry that sets it apart from any other retail business. The subject is so diverse that it has no beginning and no end. It can stretch one's expertise, knowledge, and entrepreneurship in every direction, which is why it so often appeals to retired professionals and ex-business people with a proven track record. Having been involved with the high-end antiques industry for 25 years, starting as a hobby and working through all the various stages, including owning/co-directing two professional businesses, the author thought it would be interesting to look back and analyse the process for others. A Beginner's Guide to Becoming an Antiques Dealer describes in concise, easy-to-read, fun terms a beginner's entry point. Most everyone will someday inherit antique or collector's items, and popular television series show the vast interest in the topic. Isn't it time you learned from the professionals?

## **Baby's First Memory Book**

Provides updated prices for more than 110,000 American-released vinyl records,

explains the industry standard grading guide, and offers tips to accurately grade and value LPs.

## **Disrupted**

Led Zeppelin by Led Zeppelin is the first and only official illustrated book to be produced in collaboration with the members of the band. Celebrating 50 years since their formation, it covers the group's unparalleled musical career and features photographs of Jimmy Page, Robert Plant, John Paul Jones and John Bonham on and offstage, in candid moments and in the recording studio. This definitive 368-page volume includes unseen photographs and artwork from the Led Zeppelin archives and contributions from photographers around the world.

## **Audio Preservation**

George Michael is an enigma. While he is one of the most open and vocal pop superstars on the planet, he also fiercely protective of his privacy. From the formation of Wham! In 1981 he immediately found fame and fortune beyond his wildest dreams. His music formed the soundtrack to the 1980s and he achieved all of this despite growing up in a dysfunctional family where his father openly proclaimed that George had no talent. Wham! split in 1986 but Michael went on to greater things as a solo artist. Along the way he has been embroiled in several controversies, but in refreshing contrast to other superstars, he has been happy to address his issues head-on in the media. Rob Jovanovic's biography tackles all the issues that formed George Michael and his place as a cultural icon. It also, for the first time, analyses Michael's musical output and groundbreaking videos.

## **Never Known Questions**

## **High Fidelity**

Never Known Questions delves deep into The Residents' psyche, charting their rise from cottage industry imagineers to art pop figureheads and exploring forty plus years of chameleonic musical adventures, along with the lore and legend that has built up around the group.

## **Rare Record Price Guide**

Analog Culture in the Digital Age: Pressing Matters examines the resurgence of vinyl record technologies in the twenty-first century and their place in the history of analog sound and the recording industry. It seeks to answer the questions: why has this supposedly outmoded format made a comeback in a digital culture into

which it might appear to be unwelcome? Why, in an era of disembodied pleasures afforded to us in this age of cloud computing would listeners seek out this remnant of the late nineteenth century and bring it seemingly back from the grave? Why do many listeners believe vinyl, with its obvious drawbacks, to be a superior format for conveying music to the relatively noiseless CD or digital file? This book looks at the ways in which music technologies are both inflected by and inflect human interactions, creating discourses, practices, disciplines, and communities.

## **Mercury Living Presence LPs and CDs**

"Old Blue Eyes" is as hot as ever! Long considered the preeminent entertainer in show business, Frank Sinatra has been recording continuously since 1935. Although he attempted to retire once, his popularity continues to soar as new generations discover the special quality Sinatra brings to every song he performs. \* The essential reference for every Sinatra fan and record collector. Cataloged by experts, this is the one-volume source that no true Sinatra fan will want to be without. \* A comprehensive listing of every recording since 1935. More than a simple price list of the most popular tunes, this well-researched and comprehensive discography follows Sinatra's fifty-seven-year career from the beginning. \* Every format -- from 78s and 45s, both 10" and 12" LPs, EPs and V-discs, to domestic and international releases, and imports and bootleg records -- is included in this extraordinary collection. \* Up-to-date market information. Devotees will be able to check their collection against the most current market prices to determine the value of what they have. \* A special eight-page, full-color insert featuring original record jackets makes the OFFICIAL PRICE GUIDE TO FRANK SINATRA RECORDS AND CDs a unique reference to help you build or maintain your collection your way.

## **The Official Price Guide to Records**

### **45 RPM Record Company Sleeves Identification & Price Guide**

"Staying here tonight. A beautiful motel as most of them are and there are so many." So wrote a traveler spending a night at a motel between Richmond and Petersburg, Virginia writing home on the motel's postcard in 1955. U.S. Highway 1, before the arrival of Interstate 95, was considered America's Main Street, the most heavily traveled highway on the east coast, running from the Canadian border in Maine to Key West, Florida. In 2010, Highway 1 was designated an Historic Highway. The stretch of highway between Richmond and Petersburg, long known locally as the Richmond-Petersburg Turnpike, or "Pike" for short, was an important stopover for tourists driving to and from Florida and the number, and variety, of travel accommodations attest to the Pike's popularity. Using over 160 postcards along with over 55 other images including some provided by the Virginia Department of Historic Resources and the Chesterfield County Historical Society, the book provides a history of motels, tourist courts, tourist camps, etc. that flourished along Historic Highway 1 from 1920 to 1975. But Spending the Night on the Pike is not a history of postcards. It is a history of what postcards tell us about travelers in the first half of the 20th century and of the evolution of the lodging

that accommodated them. For many tourist courts and motels, postcards are the only record remaining of these once vibrant businesses and are the source of clues that help identify buildings that still remain but are hidden or disguised. For those motels still operating, their postcards give us a glimpse of their former glory, when they were new and polished, before the arrival of the interstates that siphoned off the tourist business. And they tell of the time when motels were family-owned "Mom and Pop's" and proudly advertised that fact on their postcards. It is also a nostalgic look back for those who remember the time when road trips required driving through towns instead of around them and of a time that seems less complicated, less stressful, and less rushed. And for those who take the time to look, the motels, tourist courts, and tourist cabins still standing provide us a reminder of that earlier time.

Finally, here is the definitive glossary of the book, offering readers all the terms they will need for thorough understanding of how books are made, the materials they are made of, and how they are described in the bookselling, book collecting, and library worlds. Every key term --- over 1,300 different words --- that could be used in booksellers' catalogs, library records, and collectors' descriptions of their holdings is represented in this dictionary. This authoritative source covers all areas of book knowledge: the book as physical object, typeface terminology, paper, printing, book collecting, book design, bibliography, calligraphy, the language of manuscripts, writing implements, librarianship, legal issues, the parts of a book, and much more. The definitions are supplemented by more than 100 illustrations showing the book as a physical object: parts of books, kinds of illustrations, kinds of printing techniques, tools that librarians, booksellers, and collectors refer to that are used in the making of books, kinds of binding structures and decoration, kinds of paper decoration, and other things.

Test your knowledge of the world's most notorious prison with this True or False book of Alcatraz history, spanning over 200 years! Learn of the Civil War period on the island when a Fortress stood on top. Discover how the Civil War Fortress eventually became a Military prison for defectors and uncooperative Native Americans of the day. Experience the secret prison of all prisons, where the worst of the worst were sent, Alcatraz Penitentiary, which kept the likes of Al Capone, Machine Gun Kelly and Robert Stroud (The Birdman of Alcatraz). When the island closed in 1963, it lay dormant, until an important political stand for the Native Americans helped paved the way for a people holding strong to their culture in the Indian Occupation. Today the island is part of the National Park Service and is home to a number of sea birds as they nest each year amongst the well-kept gardens of Alcatraz. As you test your knowledge of the island and its history you can also experience it first hand as you see it come alive with full-color 3-D photos, many of which will show you places even the public can't go. So settle back and see if you can gage your Alcatrivia and have fun peering through the prison in 3-D. PLEASE NOTE: Red and Blue 3-D, paper glasses are not included and may be purchased elsewhere on Amazon.
