Representing the Accused

This Handbook is designed to help people dealing with civil lawsuits in federal court without legal representation. Proceeding without a lawyer is called proceeding "pro se¹," a Latin phrase meaning "for oneself," or sometimes "in propria persona," meaning "in his or her own person." Representing yourself in a lawsuit can be complicated, time consuming, and costly. Failing to follow court procedures can mean losing your case. For these reasons, you are urged to work with a lawyer if possible. Chapter 2 gives suggestions on finding a lawyer. Do not rely entirely on this Handbook. This Handbook provides a summary of civil lawsuit procedures, but it may not cover all procedures that may apply in your case. It also does not teach you about the laws that will control your case. Make sure you read the applicable federal and local court rules and do your own research at a law library or online to understand your case. The United States District Court for the Northern District of California has Clerk's Offices in the San Francisco, San Jose and Oakland courthouses. Clerk's Office staff can answer general questions, but they cannot give you any legal advice. For example, they cannot help you decide what to do in your lawsuit, tell you what the law means, or even advise you when documents are due. There are Legal Help Centers in the San Francisco, Oakland and San Jose courthouses where you can get free help with your lawsuit from an attorney who can help you prepare documents and give limited legal advice. This attorney will not be your lawyer and you will still be representing yourself. See Chapter 2 for more details.

that all you can do is hire a good lawyer. The truth is you can arm yourself for battle with the basic tools and sophisticated strategies described in *How to Win (& Survive) a Lawsuit*. If you want to win, you need to be a tuned in and active participant. *How to Win (& Survive) a Lawsuit* reveals the secrets to achieving great results as well as tips on what makes the difference between winning and losing in real cases. In this dynamic and insightful book, Robert Dawson, top trial partner at the blue-chip legal powerhouse Norton Rose Fulbright, shares the trial secrets of the masters. He will teach you how to:

Win Your Case

From renowned trial attorney and New York Times bestselling author Gerry Spence: a must own book for every lawyer and business professional seeking to make cutting-edge winning presentations--in court, at work, everywhere, any time. Gerry Spence is perhaps America's most renowned and successful trial lawyer, a man known for his deep convictions and his powerful courtroom presentations when he argues on behalf of ordinary people. Frequently pitted against teams of lawyers thrown against him by major corporate or government interests, he has never lost a criminal case and has not lost a civil jury trial since 1969. In *Win Your Case*, Spence shares a lifetime of experience teaching you how to win in any arena--the courtroom, the boardroom, the sales call, the salary review, the town council meeting--every venue where a case is to be made against adversaries who oppose the justice you seek. Relying on the successful courtroom methods he has developed over more than half a century, Spence shows both lawyers and laypersons how you can win your cases as he takes you step by step through the elements of a trial--from jury selection, the opening statement, the presentation of witnesses, their cross-examinations, and finally to the closing argument itself. Spence teaches you how to prepare yourselves for these wars. Then he leads you through the new, cutting-edge methods he uses in discovering the story in which you form the evidence into a compelling narrative, discover the point of view of the decision maker, anticipate and answer the counterarguments, and finally conclude the case with a winning final argument. To make a winning presentation, you are taught to prepare the power-person (the jury, the judge, the boss, the customer, the board) to hear your case. You are shown that your emotions, and theirs, are the source of your winning. You learn the power of your own fear, of honesty and caring and, yes, of love. You are instructed on how to role-play through the use of the psychodramatic technique, to both discover and tell the story of the case, and, at last, to pull it all together into the winning final argument. Whether you are presenting your case to a judge, a jury, a boss, a committee, or a customer, *Win Your Case* is an indispensable guide to success in every walk of life, in and out of the courtroom.

How to Survive America?

In this unique, profoundly inspirational memoir, Divorce Court star Judge Lynn Toler shares her mother's wisdom for learning to conquer anger and become immune to insult. Toler credits her mother's "rules" for life – a life that saw her grow up the daughter of a poor teen mother and endure a husband who suffered mental illness and alcoholism – with providing the grounding for her own success and happiness. Toler shows how the mindset of "a black woman who knew how to make things work" taught her the power of knowing how to manage one's emotional business—lessons that this book offers in wrenching stories written in spare and graceful prose. *My Mother's Rules* is an unforgettable book that will captivate readers with its illustrations of how to rise above the most difficult circumstances and find peace and success in life.
