Grace:He needed a nanny, and I needed a job. A match made in heaven, right? Almost.When I arrive in Montana, nothing is like I expected it to be. The mountains are dark and cold, and huge-just like Camden Davis.He's six feet plus of pure muscle and sky blue eyes, the kind of man you might call a living, breathing god.Like something out of a fairy tale.But that's not why I'm here. I have to keep reminding myself.His daughter is sick, and he desperately needs my help.My desire quakes inside of me, ready to burst.Camden:Grace Bradley has curves in all of the right places and none of the wrong ones.Since my ex-wife left me with a sick little girl and a ranch to tend on my own, I swore off women entirely.The whole lot of them can go jump a damn lake.But Grace is different. She's honest and pure-and she's not afraid of anything.There are secrets that threaten to destroy both of us,ghosts of the past coming back to haunt us.All of that can't prevent the ecstasy I feel when I take her into my arms.And nothing will stand in my way when it comes to keeping what's rightfully mine.

pregnant friends, or yourself." --People Recommended by Nicole Cliffe in Slate  
Featured in People Picks A Red Tricycle Best Baby and Toddler Parenting Book of  
the year One of Mother magazine's favorite parenting books of the year How Not  
To Hate Your Husband After Kids tackles the last taboo subject of parenthood: the  
startling, white-hot fury that new (and not-so-new) mothers often have for their  
mates. After Jancee Dunn had her baby, she found that she was doing virtually all  
the household chores, even though she and her husband worked equal hours. She  
asked herself: How did I become the 'expert' at changing a diaper? Many expectant  
parents spend weeks researching the best crib or safest car seat, but spend little if  
any time thinking about the titanic impact the baby will have on their marriage -  
and the way their marriage will affect their child. Enter Dunn, her well-meaning but  
blithely unhelpful husband, their daughter, and her boisterous extended family,  
who show us the ways in which outmoded family patterns and traditions thwart the  
overworked, overloaded parents of today. On the brink of marital Armageddon,  
Dunn plunges into the latest relationship research, solicits the counsel of the  
country's most renowned couples' and sex therapists, canvasses fellow parents,  
and even consults an FBI hostage negotiator on how to effectively contain an  
"explosive situation." Instead of having the same fights over and over, Dunn and  
her husband must figure out a way to resolve their larger issues and fix their family  
while there is still time. As they discover, adding a demanding new person to your  
relationship means you have to reevaluate--and rebuild--your marriage. In an  
exhilarating twist, they work together to save the day, happily returning to the kind

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery

But with their deep voices and soul-penetrating eyes, staying off Santa's naughty list just became so much harder. I need them to do filthy things to me. Fill me up, turn me over and do whatever they have in mind to me. And when their little act of seduction turns into something serious, we start to like one another a little too much. Then I'm not exactly sure how it happened, but I accidentally/purposely kissed the manwhore. Turns out, sex on legs, six-foot and four inches of hard muscle is a hot-shot businessman who's used to getting what he wants, but I'm not going there. No way. He's not going to make me scream. ## **The Babysitters Coven**

From the author of the New York Times Well Blog series, My Fat Dad Every story and every memory from my childhood is attached to food... Dawn Lerman spent her childhood constantly hungry. She craved good food as her father, 450 pounds at his heaviest, pursued endless fad diets, from Atkins to Pritikin to all sorts of freeze-dried, saccharin-laced concoctions, and insisted the family do the same—even though no one else was overweight. Dawn's mother, on the other hand, could barely be bothered to eat a can of tuna over the sink. She was too busy ferrying her other daughter to acting auditions and scolding Dawn for cleaning the house ("Whom are you trying to impress?"). It was chaotic and lonely, but Dawn had someone she could turn to: her grandmother Beauty. Those days spent with Beauty, learning to cook, breathing in the scents of fresh dill or sharing the comfort of a warm pot of chicken soup, made it all bearable. Even after Dawn's father took a prestigious ad job in New York City and moved the family away, Beauty would send a card from Chicago every week—with a recipe, a shopping list, and a twenty-dollar bill. She continued to cultivate Dawn's love of wholesome food, and ultimately taught her how to make her own way in the world—one recipe at a time. In My Fat Dad, Dawn reflects on her colorful family and culinary-centric upbringing, and how food shaped her connection to her family, her Jewish heritage,

and herself. Humorous and compassionate, this memoir is an ode to the incomparable satisfaction that comes with feeding the ones you love.

## **That Was Then, This Is Now**

Adventures in Babysitting meets Buffy the Vampire Slayer in this funny, action-packed novel about a coven of witchy babysitters who realize their calling to protect the innocent and save the world from an onslaught of evil. Seventeen-year-old Esme Pearl has a babysitters club. She knows it's kinda lame, but what else is she supposed to do? Get a job? Gross. Besides, Esme likes babysitting, and she's good at it. And lately Esme needs all the cash she can get, because it seems like destruction follows her wherever she goes. Let's just say she owes some people a new tree. Enter Cassandra Heaven. She's Instagram-model hot, dresses like she found her clothes in a dumpster, and has a rebellious streak as gnarly as the cafeteria cooking. So why is Cassandra willing to do anything, even take on a potty-training two-year-old, to join Esme's babysitters club? The answer lies in a mysterious note Cassandra's mother left her: "Find the babysitters. Love, Mom." Turns out, Esme and Cassandra have more in common than they think, and they're about to discover what being a babysitter really means: a heroic lineage of superpowers, magic rituals, and saving the innocent from seriously terrifying evil. And all before the parents get home.

## **Loving the Babysitter**

Journalist turned psychologist Darcy Lockman offers a bracing look at the most pernicious problem facing modern parents—how egalitarian relationships become traditional ones when children are introduced into the household. In an era of seemingly unprecedented feminist activism, enlightenment, and change, data shows that one area of gender inequality stubbornly persists: the disproportionate amount of parental work that falls on women, no matter their background, class, or professional status. All the Rage investigates the cause of this pervasive inequity to answer why, in households where both parents work fulltime and agree that tasks should be equally shared, mothers' household management, mental labor,

and childcare contributions still outweigh fathers'. How, in a culture that pays lip service to women's equality and lauds the benefits of father involvement—benefits that extend far beyond the well-being of the kids themselves—can a commitment to fairness in marriage melt away upon the arrival of children? Counting on male partners who will share the burden, women today have been left with what political scientists call unfulfilled, rising expectations. Historically these disappointed expectations lie at the heart of revolutions, insurgencies, and civil unrest. If so many couples are living this way, and so many women are angered or just exhausted by it, why do we remain so stuck? Where is our revolution, our insurgency, our civil unrest? Darcy Lockman drills deep to find answers, exploring how the feminist promise of true domestic partnership almost never, in fact, comes to pass. Starting with her own marriage as a ground zero case study, she moves outward, chronicling the experiences of a diverse cross-section of women raising children with men; visiting new mothers' groups and pioneering co-parenting specialists; and interviewing experts across academic fields, from gender studies professors and anthropologists to neuroscientists and primatologists. Lockman identifies three tenets that have upheld the cultural gender division of labor and peels back the ways in which both men and women unintentionally perpetuate old norms. If we can all agree that equal pay for equal work should be a given, can the same apply to unpaid work? Can justice finally come home?
