What makes a woman tick? Is it the pleasure she brings to a man or the capacity to bear children and propagate the human race? Perhaps, it is her ability to make or break a man, to build a home or to wreck a house? What gives her a price? Can her substance and relevance be defined by economic value, social status or educational class? Beyond the cosmetic appeal of her body and the domestic appraisal of her role lies a grand purpose by design of the Maker. Beyond the gratification of earthly pleasure and the relativity of her domestic values is God showing His everlasting beauty and enduring mercy through the essence and character of the woman. Nevertheless, the woman stands out a target in the carnage of satanic wrath. She is been violated, socially relegated, dislocated and displaced out of orbit; mentally disrobed of her honor and dignity, and torn in the spiritual fabric of her destiny and eternal relevance. The conclusion is sobering and the implications far reaching; a violation epidemic of enormous and frightening proportions created by sin, the satanic nature and negotiable instrument in humanity. Log on to the restoration track, the mind and purposes of God, revealed in this book for women of all ages; God's answer to the woman's clamor and cry and the restoration of beauty in purpose by design. Navigate through God's course and be blessed. Your price is not negotiable!

Bella Poldark is the twelfth and final novel in Winston Graham's hugely popular Poldark series, and continues the story after

the fifth TV series, which has become a television phenomenon starring Aidan Turner. The enchanting saga of Ross, Demelza and the Poldark family concludes in this, the last book in the epic series. Bella, the Poldarks' youngest daughter, is a precociously talented singer and is encouraged to pursue a career by her old flame and by a distinguished French conductor who has more in mind than Bella's music . . . Meanwhile, Valentine Warleggan, whose existence keeps open the old wounds of the feud between Ross and George, leads an increasingly wayward existence. And Clowance, the Poldarks' widowed daughter, is considering remarrying to one of two rival suitors. But a cloud hangs over Cornwall, as a murderer stalks the villages looking for new victims . . . 'From the incomparable Winston Graham . . . who has everything that anyone else has, and then a whole lot more.' Guardian

A scintillating novel about acerbic, ninety-year-old Anna who in death is refreshingly freed from the chains of mortal life. "Once her dying got underway, Anna could not really complain about the way the process moved along." So begins this deftly amusing, wryly perceptive look at the passing of a feisty, funny woman. During the four-day limbo that bridges her death and burial, Anna, who is "infinitely present, never dead, never stupid, and never done with it all, " gets to investigate the preparations for her own funeral, the true nature of her sister's suicide attempt, and the revelations of her own sexual abuse by her half-brother. She contemplates her parents -- her impoverished Polish Jewish mother, her father who was obsessed with his digestive system -- and she longs to remember her beloved husband, who is all but buried by time. She considers the origins of her bigotry and her reluctant capitulation to romantic and physical love. In her final moments of consciousness, Anna has the last word on her own secrets and crimes before stepping into eternity.

POETRY THAT SPEAKS TO EVERY SOUL "River Michaels is a talented writer and poet with an eye for detail and an ear for rhythm that produces great poetry. River's poems have touched the hearts of many." - Rev. Alex A. Benten, Houston, Texas "River's poetry gives you a window into the world as seen from her unique, original and wonderful viewpoint. Reading her poems will challenge you, make you think, and cause you to look at life in a whole new way. And that's a good thing; a very good thing." - Robert Matthews, Professor, Sam Houston University "River's poetry is composed from the intertwinement of her deep experiences and her intense, vivid soul that when heard leaves your ears musically mesmerized and your heart hugged with a lesson of love that the world needs to feel." - Dawn R. Higgins, Educator, Dayton, Texas Wringing intense significance from seemingly everyday events, interactions and experiences, River Michaels touches a deeply personal yet universal chord in A River of Rain. The fifty poems collected here reveal a profound human spirit in diverse ruminations on death and longing and the inescapable passage of time. Through it all, Michaels demonstrates a keen sense of the music and weight of words. The result offers new insight into the otherwise ordinary, and a strengthened appreciation for our limited time on earth.

Imagine a love so powerful that it refuses to die - Anna travels between later years in search of her cherished book and the former years of youth, where her world as a baby drastically changes after the shock of her mothers early death. Anna suffers from abuse, which adds to the effects of an erratic heart, and lives with a rare genetic oral disease. Her mother leaves her in prayer with a request that Anna will have a life of love. In 1938, Dan, an accomplished woodworker, sees Anna on a street corner in Greenwich, Connecticut, and he is powerfully drawn to her, despite the fact that she is many years his junior. He sees past Annas shy exterior and dirty face and tattered clothes and is captivated by her beauty, despite the discoloration of her teeth. Their bond grows in secret while Dan loves her unconditionally, protecting her with his patience, kindness, and gentle nature until she is old enough for him to be introduced to her father. Their unique connection and faith deepen as they are separated during World War II, when Dan writes Anna the story of his love for her and the journey of their relationship. The mere eighteen-page story referred to as The Cherished Book, which the author, Nancy A. Prieston,

presents in its original format, is included within the novel. Faith, hope, and endurance encompass them as they journey through all the seasons of life. But will Anna find the book in time, before her final destiny?

The Man Who Loved Children is Christina Stead's masterpiece about family life. Set in Washington during the 1930s, Sam and Henny Pollit are a warring husband and wife. Their tempestuous marriage, aggravated by too little money, lies at the centre of Stead's satirical and brilliantly observed novel about the relations between husbands and wives, and parents and children. Sam, a scientist, uses words as weapons of attack and control on his children and is prone to illusions of power and influence that fail to extend beyond his family. His wife Henny, who hails from a wealthy Baltimore family, is disastrously impractical and enmeshed in her own fantasies of romance and vengeance. Much of the care of their six children is left to Louisa, Sam's 14-year-old daughter from his first marriage. Within this psychological battleground, Louisa must attempt to make a life of her own. First published in 1940, The Man Who Loved Children was hailed for its satiric energy. Now its originality is again lauded by novelist, Jonathan Franzen, in his illuminating new introduction.

*Crickets Are Chirping But No One Can Hear Them* is a book meant to be helpful to persons dealing with family members diagnosed with dementia. Uplifting and humorous in places, it encourages caregivers to remain optimistic and cheerful despite what seems to be insurmountable obstacles. No one looks forward to such a diagnosis, and yet it affects a great many people in today's world. It strikes at the most inopportune time and can affect people at any age and stage of life. But like many things, it does not have to be totally devastating. It can be a time of garnering and developing patience and understanding where those things might not have been. It also reveals shortcomings in today's medical field in that there is a need for more information, treatment, and financial aid to cope with this ailment that affects so many lives. This is the story of one family, how dementia affected them, and how they dealt with it. Each and every family deals with a situation differently as each situation is different, but all in all, we learn from one another.

If you love the music of Marvin Gaye, Diana Ross, Stevie Wonder, Michael Jackson, or Smokey Robinson, you will love Berry Gordy's life story. Founder of Motown, Gordy was instrumental in launching the careers of these and many other popular musicians, singers and songwriters. In this candid autobiography, Gordy gives an authentic personal account of his career from the inception of his label, founded with \$800 borrowed from his family, to the development of an entertainment empire sold to MCA for \$61 million. Along the way, Gordy and his artists faced racism and both personal and professional challenges and overcame them to leave an indelible mark on American popular culture. *To Be Loved* is the inspiration for *Motown: The Musical*, which opened on Broadway in April 2013.

Jae is troubled by philosophical questions. She mulls them over in private and spends many hours discussing them with her grandmother, but finds no answers. When her grandmother dies she leaves Jae a perplexing note: "seek and ye shall find." This sparks an incredible journey into a strange land where she meets unusual people, undergoes personal challenges, and discovers alternative theories on the meaning of life. She finally finds peace in the garden of Eden, but even this she must eventually abandon to live truly in the here and now.

Michael Fowler is doing his best not to fall in love with Steve Lopes, a piano player with eyes as green as willow shoots and hair the color of polished chestnuts. Love is just not in the cards for an actor whose career is on the rise, and who has just landed the triple part in Shakespeare's "Hamlet;" the role that Shakespeare himself is likely to have played. But Steve is really hard to get out of his head, and, he fears, his heart. Then there is the fact that Steve wants him to do an 'environmental' performance, playing his non-existent cousin Toby in order to solve some long-term family problems. Steve was raised by his beloved Aunt Minerva who, it appears, has imaginary relatives as well as real ones. And the real ones want to get their hands on her money. To top it off, there is a serial killer who has been murdering Gay men, and the killer has Michael at the

head of his hit list. Set in the 1980s in San Francisco and Los Angeles, Mason Powell's Gay romantic crime novel is a tightly plotted tale of murder and madness, of theater and people whose lives put the theater to shame. It is also a tour of places as they were and characters as they are likely to remain in California: a state which holds its zanies to be its greatest natural resource. "If you love a good love story, you will love this novel. If you love a good mystery, you will keep turning the pages. If you loved "Tales of the City," you will want to return to the golden days of the 80s in San Francisco with this book." ---Diana L. Paxson Author of "Priestess of Avalon"
