### **Calculus**

Known for accuracy, precision, and rigor, Soo Tan now brings those same qualities to the Calculus course. With his clear, concise writing style, and use of relevant, real world examples, Tan introduces abstract mathematical concepts with his intuitive approach that captures student interest without compromising mathematical rigor. In keeping with this emphasis on conceptual understanding, each exercise set begins with concept questions and each end-of-chapter review section includes fill-in-the-blank questions which help students master the definitions and theorems in each chapter. Additionally, many questions asking for the interpretation of graphical, numerical, and algebraic results are included among both the examples and the exercise sets. ### **Where's Your Tooth**

This updated Third Edition of General and Oral Pathology for the Dental Hygienist provides the information students need to develop an understanding of basic pathology and recognize the clinical manifestations of oral and systemic disease. In accordance with ADEA Curriculum Guidelines, which stress the recognition of oral disease based on clinical signs and symptoms, the oral pathology section is uniquely organized by distinct clinical/radiographic features of oral lesions to help students evaluate and categorize lesions according to appearance, emphasizing the concept of differential diagnosis. This edition features new "Oral Medicine Considerations" that highlight the relationship between oral and systemic disease, a stunning collection of art work with over 600 images, and a wide range of online

resources, such as case studies and practice questions, that reinforce student learning.

Nothing ever seems to remain peaceful, when it comes to Alex Storm and his team. Having moved up to being a Federal Marshal over the Indiana and Illinois area, Alex left some of his people behind, including his nephew, who had been his partner for some time. Now getting a call from his first time partner, Jason Roberts, after they had completed the police academy years ago, Jason was now a corporate attorney in Camden, IL. Having been receiving threatening calls and notes slipped under his door to drop a case involving corporate embezzlements, as if he needed more turmoil in his life, Jason had already lost his son in a car accident, when the family had gone on vacation through the Smoky Mountains. There, they had lost control of their car, when a passerby saw what had happened, and tried to save Jason, his wife, their daughter, and their son, who had been diagnosed with a rare blood disease. Unable to get to the son in time, the car exploded, leaving him to die in front of his family. Sadly this was the last thing their daughter, Lori, saw just before losing her eye sight, because of it. Now, Alex is on his way to Jasons office to help in any way he could, which usually meant going into disguise, this time as a Corporate Attorney. What they didnt know, was Jasons partner, Epstein, was involved, and a man connected to him had threatened harm to Jasons family. Thus, once again, Alexs team was pulled back together to bring the hammer down on these men, but not before finding out his team had transferred from Detective rank to Federal Marshals, against his wishes. You cant keep a good team apart.
