The End

For two and a half years, Subject 684 --- "Jane Doe" --- has been locked underground in a secret government facility, enduring tests and torture. In that time, she hasn't uttered a single word. Not even her real name. Jane chooses to remain silent rather than risk losing control over the power within her. She alone knows what havoc her words can cause. Then the authorities put her in the care of the mysterious Landon Ward, and Jane is surprised when he treats her like a person rather than a prisoner. Ward's protective nature causes her resolve to crack in spite of her best efforts to resist. Just as Jane begins to trust him, though, a freak

accident reveals the dangerous power she has concealed for years. It also reveals that the government has been keeping secrets of its own. Now Jane's ability is at the heart of a sinister plot for vengeance, and she has to decide whom she will trust and whom she will help. Well-known throughout her native Australia, Lynette Noni creates compelling stories that appeal to devoted fantasy fans and general-interest readers alike. This novel's extended metaphor about finding --- and controlling --- one's voice and power will resonate with teens attempting to do just that. The slow-simmering romance, richly imagined world and unexpected plot twists will hook readers from the very first page.

“An engaging, beautifully synthesized page-turner” (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton’s most personal memoir yet, about the 2016 presidential election. In this “candid and blackly funny” (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing guide to our political arena” (The Washington Post), *What Happened* lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. *What Happened* is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

Peep Show

From the "author to watch" (Kirkus Reviews) of The Five Stages of Andrew Brawley comes an "equal parts sarcastic and profound" (Kirkus Reviews, starred review) novel about a teenage boy who must decide whether or not the world is worth saving. Henry Denton has spent years being periodically abducted by aliens. Then the aliens give him an ultimatum: The world will end in 144 days, and all Henry has to do to stop it is push a big red button. Only he isn't sure he wants to. After all, life hasn't been great for Henry. His mom is a struggling waitress held together by a thin layer of cigarette smoke. His brother is a jobless dropout who just knocked someone up. His grandmother is slowly losing herself to Alzheimer's. And Henry is still dealing with the grief of his boyfriend's suicide last year. Wiping the slate clean sounds like a pretty good choice to him. But Henry is a scientist first, and facing the question thoroughly and logically, he begins to look for pros and cons: in the bully who is his perpetual one-night stand, in the best friend who betrayed him, in the brilliant and mysterious boy who walked into the wrong class. Weighing the pain and the joy that surrounds him, Henry is left with the ultimate choice: push the button and save the planet and everyone on it...or let the world—and his pain—be destroyed forever.

Flow **We Are the Ants**

Shortlisted for the 2020 Booker Prize, a searing literary debut novel set in India about mothers and daughters, obsession and betrayal “I would be lying if I say my mother’s misery has never given me pleasure,” says Antara, Tara’s now-adult daughter. In her youth, Tara was wild. She abandoned her marriage to join an ashram, and while Tara is busy as a partner to the ashram’s spiritual leader, Baba, little Antara is cared for by an older devotee, Kali Mata, an American who came to the ashram after a devastating loss. Tara also embarks on a stint as a beggar (mostly to spite her affluent parents) and spends years chasing a disheveled, homeless artist, all with young Antara in tow. But now Tara is forgetting things, and Antara is an adult--an artist and married--and must search for a way to make peace with a past that haunts her as she confronts the task of caring for a woman who never cared for her. Sharp as a blade and laced with caustic wit, *Burnt Sugar* unpicks the slippery, choking cord of memory and myth that binds mother and daughter. Is Tara’s memory loss real? Are Antara’s memories fair? In vivid and visceral prose, Tibor Jones South Asia Prize-winning writer Avni Doshi tells a story, at once shocking and empathetic, about love and betrayal between a mother and a daughter. A journey into shifting memories, altering identities, and the subjective nature of truth, *Burnt Sugar* is a stunning and unforgettable debut.

Lurk

#1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.

Eli's remarkably poetic voice and his astonishingly open heart take the day. They enable him to carve out the best of what's possible from the worst of what is, which is the miracle that makes this novel marvelous." -Washington Post A "thrilling" (New York Times Book Review) novel of love, crime, magic, fate and a boy's coming of age in 1980s Australia, named one of the best literary fiction titles of 2019 by Library Journal. Eli Bell's life is complicated. His father is lost, his mother is in jail, and his stepdad is a heroin dealer. The most steadfast adult in Eli's life is Slim—a notorious felon and national record-holder for successful prison escapes—who watches over Eli and August, his silent genius of an older brother. Exiled far from the rest of the world in Darra, a neglected suburb populated by Polish and Vietnamese refugees, this twelve-year-old boy with an old soul and an adult mind is just trying to follow his heart, learn what it takes to be a good man, and train for a glamorous career in journalism. Life, however, insists on throwing obstacles in Eli's path—most notably Tytus Broz, Brisbane's legendary drug dealer. But the real trouble lies ahead. Eli is about to fall in love, face off against truly bad guys, and fight to save his mother from a certain doom—all before starting high school. A story of brotherhood, true love, family, and the most unlikely of friendships, Boy Swallows Universe is the tale of an adolescent boy on the cusp of discovering the man he will be. Powerful and kinetic, Trent Dalton's debut is sure to be one of the most heartbreaking, joyous and exhilarating novels you will experience.

our obsession with self-improvement and urging readers to embrace the
imperfections of the everyday Heather Havrilesky's writing has been called "whip-

put a name to our most insidious cultural delusions. What If This Were Enough? is a

expanded from their initial publication--Havrilesky takes on those cultural forces
that shape us. We've convinced ourselves, she says, that salvation can be

the allure of materialism to our misunderstandings of romance and success,
Havrilesky deconstructs some of the most poisonous and misleading messages we
