college life in the early nineteenth century. Critics have noted that the novel has strong autobiographical components and is likely a thinly fictionalized account of the writer's own experiences as a student at Bowdoin College.

13 Ways of Looking at the Novel

Stories of magic, superstition, and witchcraft were strictly forbidden in the little town of Salem Village. But a group of young girls ignored those rules, spellbound by the tales told by a woman named Tituba. When questioned about their activities, the terrified girls set off a whirlwind of controversy as they accused townspeople after townspeople of being witches. Author Shirley Jackson examines in careful detail this horrifying true story of accusations, trials, and executions that shook a community to its foundations.

Hawthorne's Works: The House of the Seven Gables and the Snow Image

A gloomy New England mansion provides the setting for this classic exploration of ancestral guilt and its expiation through the love and goodwill of succeeding generations. Nathaniel Hawthorne drew inspiration for this story of an immorally obtained property from the role his forebears played in the 17th-century Salem witch trials. Built over an unquiet grave, the House of the Seven Gables carries a dying man's curse that blights the lives of its residents for over two centuries. Now Judge Jaffrey Pyncheon, an iron-hearted

The House of the Seven Gables

In *The House of the Seven Gables*, the author tells his reader the story is a romance. What he means by this terminology is not a cheap paperback that involves swooning hearts with Fabio on the cover, but a legend prolonging itself, from an epoch now gray in the distance, down into our own broad daylight.

Hawthorne's specific goal is to show that the bad behavior of one generation devolves on future descendents. He accomplishes this by examining the Pyncheon family, a clan founded on America's shores by the stern Puritan Colonel Pyncheon, who used his considerable influence to inveigle prime real estate from one Matthew Maule in the 17th century.

Pyncheon carried out this task by using the Salem witchcraft scare to secure Maule's execution. In his last moments, Maule laid a curse on the good Colonel and all of his descendents, telling him that God would give them blood to drink as a punishment for this evil injustice. Shortly after the Colonel builds his house with seven gables on Maule's property, he dies in a way that makes Maule's curse seem to be a reality. Rather than trace this terrible evil down through the ages in minute detail, Hawthorne only touches on a few important points before beginning his story in the middle of the 19th century. The Pyncheon family is slowly moldering into extinction when Hawthorne introduces us to poor old Hepzibah Pyncheon. She lives alone in the ancient estate, reduced to near starvation because her brother Clifford is in prison and Jaffrey Pyncheon, a rich judge who lives in his own manor in the country, refuses to offer her

assistance. The only way to survive for Hepzibah is to open a penny store in an old part of the decaying house. Just when things reach a nadir, another Pyncheon turns up to save the day. This is Phoebe, a vivacious young lady who lives in the country. This fetching lass is a blessing for Hepzibah; she runs the penny store, helps to lift the gloomy atmosphere in the house, and when Clifford returns from his long imprisonment, Phoebe entertains the doddering man with her multitude of charms. She even strikes up an acquaintance with Holgrave, a young boarder in the house. Things start to look up when yet another tragedy strikes the Pyncheon family, leading to the momentary evacuation of the ancestral estate by Hepzibah and Clifford before Hawthorne settles all accounts in an ending that is both quick and highly implausible. Hawthorne's command of the English language is impressive and, at times, as precise as a cruise missile. One need only read the chapter about Judge Jaffrey Pyncheon's unfortunate incident in the house to grasp the beauty of this author's style. With *The House of the Seven Gables*, someone might enjoy the eerie curse that united the Maules with the Pyncheons for two centuries. Nothing stacks up against ghosts, a disembodied hand, and mysterious deaths.

The Witchcraft of Salem Village

The House of the Seven Gables is a Gothic novel written beginning in 1850 by American author Nathaniel Hawthorne and published. The novel follows a New England family and their ancestral home. In the book, Hawthorne explores themes of guilt, retribution, and atonement, and colors the tale with suggestions of the supernatural and witchcraft. The setting for the book was inspired by the Turner-Ingersoll Mansion, a gabled house in Salem, Massachusetts, belonging to Hawthorne's cousin Susanna Ingersoll, as well as ancestors of Hawthorne who had played a part in the Salem Witch Trials of 1692. The book was well received upon publication and later had a strong influence on the work of H.P Lovecraft.

Critical Essays on Hawthorne's The House of the Seven Gables

American historians have typically argued that a shared experience of time worked to bind the antebellum nation together. Trains, technology, and expanding market forces catapulted the United States into the future on a straight line of progressive time. The nation's exceedingly diverse population could

cluster around this common temporality as one forward-looking people. In a bold revision of this narrative, *Archives of American Time* examines American literature's figures and forms to disclose the competing temporalities that in fact defined the antebellum period. Through discussions that link literature's essential qualities to social theories of modernity, Lloyd Pratt asserts that the competition between these varied temporalities forestalled the consolidation of national and racial identity. Paying close attention to the relationship between literary genre and theories of nationalism, race, and regionalism, *Archives of American Time* shows how the fine details of literary genres tell against the notion that they helped to create national, racial, or regional communities. Its chapters focus on images of invasive forms of print culture, the American historical romance, African American life writing, and Southwestern humor. Each in turn revises our sense of how these images and genres work in such a way as to reconnect them to a broad literary and social history of modernity. At precisely the moment when American authors began self-consciously to quest after a future in which national and racial identity would reign triumphant over all, their writing turned out to restructure time in a way that began foreclosing on that particular future.

historic house museums. Built in 1668, it is a unique and well-restored first period house displaying many preserved 17th- and 18th-century architectural features. Three generations of the seafaring Turner family lived in the home before the American Revolution. In the 19th century, the author Nathaniel Hawthorne was hosted in the house by his cousin, and the setting encouraged his literary genius. After this famous association, the house attracted tourists even before it opened to the public when the artistic Upton family called the mansion home. In 1910, Caroline Emmerton, an enterprising philanthropist, opened the home to raise money to help local immigrants. She restored the structure and brought other historic houses from Salem to the property.

The novel is set in the mid-19th century, but flashbacks to the history of the house, which was built in the late 17th century, are set in other periods. The house of the title is a gloomy New England mansion, haunted since its construction by fraudulent dealings, accusations of witchcraft, and sudden death. The current resident, the dignified but desperately poor Hepzibah Pyncheon, opens a shop in a side room to support her brother Clifford, who has completed a thirty-year sentence for murder. She refuses all assistance from her wealthy but unpleasant cousin, Judge Jaffrey Pyncheon. from depression. A delicate romance grows between Phoebe and the mysterious attic lodger Holgrave, who is writing a history of the Pyncheon family. The house was built on ground wrongfully seized from its rightful owner, Matthew Maule, by Colonel Pyncheon, the founder of the Massachusetts branch of the family. Maule was accused of practicing witchcraft and was executed. According to legend, at his death Maule laid a curse upon the Pyncheon family. During the housewarming festivities, Colonel Pyncheon was found dead in his armchair; whether he actually died from the curse or from a congenital disease is unclear. His portrait remains in the house as a symbol of its dark past and the weight of the curse upon the spirit of its inhabitants. Phoebe arranges to visit her country home, but plans to return soon. Clifford, depressed by his isolation from humanity and his lost youth spent in prison, stands at a large arched window above the stairs and has a sudden urge to jump. The departure of Phoebe, the focus of his attention, leaves him bed-ridden. Judge Pyncheon arrives at the house hoping to find information about land in Maine, rumored to belong to the family. He threatens Clifford with an insanity hearing unless he reveals details about the land or the location of the missing deed. Clifford is unable to comply. Before Clifford can be brought before the Judge (which would destroy Clifford's fragile psyche), the Judge mysteriously dies while sitting in Colonel Pyncheon's chair. Hepzibah and Clifford flee by train. The next day, Phoebe returns and finds that Holgrave has discovered the Judge's body. The townsfolk begin to gossip about Hepzibah and Clifford's sudden disappearance. Phoebe is relieved when Hepzibah

and Clifford return, having recovered their wits. New evidence in the crime that sent Clifford to prison proves his innocence. He was framed for the death of his uncle by Jaffrey (later Judge) Pyncheon, who was even then looking for the missing deed. Holgrave is revealed as Maule's descendant, but he bears no ill will toward the remaining Pyncheons. The missing deed is discovered behind the old Colonel's portrait, but the paper is worthless: the land is already settled by others. The characters abandon the old house and start a new life in the countryside, free from the burdens of the past.
